

KOBOLDCOURIER'S TERMS OF SERVICE

Payment/Turnaround

- I accept payment either before beginning the art, or once the sketch is done. I do not take payment after.
- In addition to the previous point, if you choose payment after the sketch and do not provide it once you are given the sketch, you will be blacklisted and the art will not be completed.
- I work on commissions on Mondays, Wednesdays and Fridays!
- I only take GBP, unless explicitly stated otherwise.
- My turnaround times can vary wildly, however I will always give updates if something goes wrong and I have to postpone work on your art.
- If you want the art done by a specific time, please tell me, or else it will be done at the same pace as everyone else's!
- If I neglect to update you after 2 weeks, please poke me! I may have forgotten to send you a message.

Will / Will not's

WILL	WILL NOT
Dnd/Fantasy characters	Mecha's / Heavy armor
Anthro / Humanoids	Loli / Shota
SFW Ferals	Highly detailed insects
NSFW	NSFW Ferals (Ask about mlp or pokemon)

Commissions

- Additional characters in the same image will cost 75% as much to add. (Eg. 1 character for \$20 + a second would be \$15 extra)
- Additional layer options (Ex a nude version, or a version with different clothes) will be 10-30% extra per edit based on complexity!
- I will only accept to refund after a 2 week period. I do not refund just because someone has changed their mind or is impatient.
- I have the right to refuse any commission I feel I cannot complete for any reason.

If I have worked on your artwork and sent you WIP's, your refund will be reduced based on the amount of work I have done. This will be calculated as follows;

Sketch: 75% refund

Lineart: 50% refund

Flatcolor: 25% refund

(If the commission is a flatcolor, this will begin at 50%)

Adopts

Once you own a design by me you are free to do whatever you want with it. Do not, however resell for higher than it's worth.

Do not claim the design as your own! If you have edited the design, the original credit must still go to me, but your additions are of course your own.

You are allowed to change a character's design however you want once you have bought from me, with the above condition.

Custom designs follow the rules of both adopts and commissions, as they are considered both types of work.

Blacklist / People I will not work with

@jodzepam - impatient, unprofessional, does not read TOS, vaguing on social media because they had to wait a DAY for a response.

@muffis4 - Rude and childish behaviour.
