

I wish
Use me
Ain't no sunshine
Get down on it
Will go in circles
Just my imagination
Ride on
Dock of the bay
Mustang Sally
Play that funky music/we want the funk
Rappers delight/we are family
I'll be around
Little wing
Give it to me
Brickhouse
Into the mystic
Every rose
Brown eyed girl
Moondance
Breakdown
Dreams
Jungle love - the time
I got you - James brown
Feels like rain
Mary Jane
Fool for your stockings
So into you
Sara smile
My girl
Papa's got a brand new bag
Higher ground
Purple rain
Never been to Spain
Kiss
