

Hi

I'm fascinated with the exceptional designs and high-quality products that your company offers. Your dedication to quality truly sets Radium Auto apart. With the growing demand for turbochargers and superchargers, especially in the performance and racing segments the demand for Radium products like Catch Can Kits, Cadillac CTS-V will improve.

As I explored your website, I noticed you did not have any blogs. I believe a well-crafted blog will engage more people on the web.

A well-crafted blog and newspaper can:

- Engage more people with the products.
- Improve sales by 30~40%. (should i mention the percentages ?)
- Improve visibility on google search.
- And much more...

I can schedule a 30-minute Zoom call next week to discuss it further. Does Tuesday or Wednesday work for you?

Thank you for taking the time to consider this opportunity. I look forward to the possibility of working together.

Best regards,
Bilal Noor Khatab
