Mapleton Junior High MathTeam!

MathTeam is an extracurricular group for math-loving students at MJHS. Students meet every Wednesday before school, to participate in challenging and creative mathematical problem solving! The program is designed to give students who have an aptitude and love for math additional challenges beyond the traditional classroom environment. Benefits include:

- Applying regular math concepts in real-world situations, and understanding why math is used
- Starting early on ACT/SAT prep; problem-solving strategies for these types of questions
- Connecting with other students who have a similar interest and aptitude
- Competing with students from other schools around the state and country
- In addition to the District math contests, MathTeam will compete in MathCounts for 8th graders, and AMC 10 for 9th graders, and a competition at Snow College for 8th & 9th graders.

Additional Details

When: Every Wednesday, 7:00 – 7:45 am, September 2nd through mid-March; No class on school holidays
