Root meanings of words.
Words can come from different **root languages.** Explain the root meaning of **one term.**
Tip
- Try using a Google search asking "where does the word _____ come from?"
- Make sure to look down the list of sources to find one with a clear explanation. Don't just use the first one made by AI without checking if there are other better ones first.

Example
The word **atrium** comes from the Latin word "atrium", which means "entrance room".
The atrium is like the main room in the heart.
