

## Activity 3 1st Grade

# Whale Jenga

### Playing the Game:

1. One person starts by picking a card and reading what it says.
2. Then, they have to do what the card says, but they can only touch the block they're working with, not the whole stack.
3. After they finish, the used cards go in a pile, and the blocks they used go in another pile on the side. Everyone takes turns doing this until the tower of blocks falls down or all the cards are used.
4. If you want to play again, just start over with new cards and follow the same directions. Have fun!

### Review Questions:

1. What made you go "Wow!" while playing the game?

---

---

---

---

2. What did you find out about how people can change nature?

---

---

---
