

## **Field Study Policy**

Each classroom K-5<sup>th</sup> grade will take at least two, but no more than four field studies per year. An attempt will be made to have at least 1 field study for Arts & Humanities if applicable.

Each field study will be focused on specific academic standards and will be of educational value to students. Both pre and post field study activities will occur to introduce and reinforce the learning.

Refer to SCES handbook for field study teacher checklist and field study opportunities.
