

Dear friends!

We are touched by the charitable support that continues to flow during the difficult war times to the accounts of the Charitable Foundation of the Development of the National Museum of the History of Ukraine (CF NMHU). These costs are needed for the support and development of the museum.

**Currently, on the fund accounts are held 134 729,35 UAH, 2213 EUR and 244 USD.**

Thank to everyone who has already supported the museum! Some of you did it anonymously, some we can thank personally. Among them Alex Bain, a numismatist who lives in Switzerland, Olena Volodkovych from Great Britain, Anton Cherepyuk and Dmytro Biloshytskyi. We are also grateful for the support of colleagues from the National Museum of Lithuania and the Embassy of the Kingdom of Denmark in Ukraine.

The funds received will be directed to the development of new work directions to popularize our history in Ukraine and abroad. In the conditions of the war started by Russia, the work of the museum changed. Our permanent exhibition is dismantled, and we are looking for the new ways of interaction, because the museum team understands that people need it.

Follow our pages [in social networks](#) and the website, where we will report on charitable assistance.

We remind how you can support the National Museum of the History of Ukraine from abroad.

**\*ATTENTION: only SWIFT for EUR, USD, GBP, SEK**

**Settlement instructions for incoming funds to current account via SWIFT**
