All data is stored locally on your device and is not transmitted to any servers. If you delete the App, all data will be permanently erased.

2. How We Use Your Information

The App does not collect, store, or share your personal information with third parties. All data you enter is stored exclusively on your device and is accessible only to you.

3. Data Security

Your data is stored in JSON format on your device. While we do not currently use encryption, we recommend that you take precautions to protect your device from unauthorized access.

4. Data Export

You can export your data in CSV format. This feature is provided for your convenience, and you are responsible for the security of exported files.

5. Third-Party Services

Currently, the App does not use any third-party services, SDKs, or libraries. In the future, we may integrate Firebase and advertising SDKs. If this happens, we will update this Privacy Policy to reflect the changes.

6. Children's Privacy

The App does not have age restrictions. However, we do not knowingly collect personal information from children under the age of 13. If you believe that a child has provided us with personal information, please contact us, and we will take steps to delete such information.

7. Your Rights

You have full control over your data. You can edit, delete, or export your information at any time. Since all data is stored locally, you do not need to contact us to access or delete your information.

8. Changes to This Privacy Policy

We may update this Privacy Policy from time to time. If we make significant changes, we will notify you through the App or via the update description on Google Play.
