

Assignment: Creating a Budget

Casey just moved into his new apartment. He is creating a budget for August. He lives in a one-bedroom apartment. His monthly net pay is \$2,000. His monthly rent is \$500 (25% of his net pay). Here is how he allocated his net monthly pay to create his budget.

- Utilities = 7.5%
- Car Insurance = 10%
- Credit Card = 5%
- Food = 10%
- Entertainment = 2.5%
- Savings = 5%
- Fuel = 5%
- Dining Out = 2.5%
- Internet = 2.5%
- Car Loan = 25%

Fill out Casey's budget and see how much cash he has at the end of the month.
