

The Alpha Delta Kappa Eblasts are published by Alpha Delta Kappa on the 2nd, 3rd and 4th Fridays of every month. There are special edition issues on occasion. They are emailed out to ALL members.

If you think you're not receiving eblasts, try these tips:

- The subject title is **ALPHA DELTA KAPPA NEWS**, unless it's a special occasion.
- Check to **ensure that your email address is listed and is current** on your profile via the online directory.
- If you forward your eblast on, remove the **UNSUBSCRIBE link** because if clicked by someone, it will unsubscribe you.
- If your **email address or contact information needs to be updated**, members can update their contact information through "My Profile". Additionally, the Chapter President, Chapter Treasurer or Chapter Membership Chair update the chapter roster on the International website. Instructions are listed at the top of the directory page under "My Chapter Roster".
- Add alphasdeltakappa.org to your **safe sender list**.
- Check your email account's **spam/junk folder**.
- Gmail, for instance, sorts mail into categories, which means you could have **multiple inboxes**, so check there too.
- Some **email carriers block our eblasts** completely from being received so they might need to be contacted.
- If you are **receiving eblasts**, **no further action** is needed in order to continue receiving them
- Eblasts are also **posted on the International website** under LIBRARY>Publications>Eblasts.
- If you still aren't able to locate our eblasts after trying these troubleshooting tips, please [complete this form](#).
