Science Orientation Resources

Resource	Description	Link
 <p>Getting Started with TCI Guide</p>	Keep this Getting Started with TCI Guide handy as you explore your Teacher Account. This guide covers all the main features available in your Teacher Account.	Click here
 <p>In-App PD</p>	Explore and learn about TCI's pedagogy and program features at a pace that works for you. At the end of the course, you will have the opportunity to earn a certificate of completion. Sign in to your TCI account to get started.	Click here
 <p>TCI Facebook User Group</p>	Join the conversation on our Facebook to share and get practical teaching tips and ideas from teachers across the country! Occasionally, we will post opportunities for teachers to provide one-on-one feedback in a Zoom session to help with our product development.	Join here
 <p>Hands on</p>	K-5 Hands on Lessons (Investigations with Materials)	Click Here
 <p>Time Saving Tips</p>	Time Saving Tips to make your investigations easier to prepare and present	Click Here

 <p>Webinar Library</p>	<p>Check out our past webinar recordings for more great information on topics ranging from getting started with your online program to how to use Google Classroom with TCI.</p>	<p>View here</p>
 <p>TCI Events</p>	<p>TCI travels around the country for conferences and science and social studies fairs. We also host regular live webinars and product updates, TCI 101s, and trending topics. Check our Events page regularly for upcoming events.</p>	<p>Register here</p>
 <p>Learning Management Systems</p>	<p>TCI partners with a variety of education technology companies to provide you with a cohesive learning experience. Some of our technology partners include Google Classroom, Clever, Canvas, Classlink, and Schoology.</p>	<p>Learn more</p>
 <p>Help Center</p>	<p>Get answers quickly with TCI's Help Center. The Help Center contains a library of step-by-step instruction articles and answers to TCI users' frequently asked questions.</p>	<p>Get help</p>
