

AGENDA

Haven's Library, Monday September 8th, 2025, 3:45-5:00pm

District Technology Advisory Committee Purpose:

The District Technology Advisory Committee is a cross-functional group of students, parents, technologists, teachers, administrators, school board and community members who work together to engage in a dialogue around the District's use of technology to support effective learning and instruction. The group meets to inquire about current programs and practices, to reflect on issues related to technology and how it may support students, and share best practices and ideas from other industries and efforts.
