PS - I intend to advocate for Lodi Township to record all of our meetings and make those public formally on the Lodi website, yet due to all of the other things that have been in our attention that has not risen to the top yet. In the meantime to support transparency, I offer the audio recordings that I am taking using personal resources (see links above). All members of the public are also welcome to record and share meetings, per the Open Meetings Act, so if you want another type of recording please feel free to do so. See the [OMA Handbook](#) from the State of Michigan for more details.

And if you want to advocate for our Board to record meetings and make them available to the public on the Lodi Township website, or for Board attention for your thoughts on other topics, please email those to my board email address (leslie@loditownshipmi.org) and I encourage including all the other board members (find our email addresses [here](#)), that way it will help us together as a board prioritize what's important to the public and for the benefit of the township.

- Trustee Leslie Blackburn
