SOFTWARE DEVELOPER

Results-driven software engineer with hands-on experience in software development, troubleshooting, and delivering scalable, user-focused solutions. Proficient in JavaScript, TypeScript, Python, SQL, and modern frameworks including React, Next.js, and Django. Skilled in relational database management, clean code practices, and cross-functional collaboration. Seeking an Associate Software Developer role to apply technical expertise, contribute to impactful projects, and continuously evolve in a dynamic development environment.

WORK EXPERIENCE

Software Developer

Jan 2025 - Mar 2025

HNG Tech

- Engineered scalable web applications, enhancing performance and maintainability.
- Developed accessible, keyboard-navigable websites compliant with WCAG standards, improving user experience for individuals with disabilities.
- Integrated advanced APIs and AI-driven solutions using Google Developer Console, optimizing data processing efficiency.
- Built high-performance, responsive interfaces with React, Vite, and TailwindCSS, reducing page load times by 30%.

Software Developer

Jun 2024 - Present

Dew

- Developed and optimized key front-end features for a Next.js + TypeScript school management system.
- Integrated and enhanced UI components using Refine and Ant Design for improved user experience.
- Debugged and refactored code, boosting performance and maintainability.
- Collaborated with designers and backend developers to ensure seamless API integration.
- Optimized SSR and API calls, enhancing app speed and efficiency.

IT Support Executive

Aug 2023 - Present

AAVA Brands LTD

- Streamlined IT support operations, increasing portal adoption to 95% and reducing resolution times.
- Diagnosed and resolved 100+ technical issues monthly, maintaining a 90%+ first-resolution rate.
- Delivered IT training on remote support tools, improving employee productivity and cutting recurring IT issues by 25%.
- Enforced IT security protocols, ensuring 100% compliance across company networks.
- Optimized network infrastructure, resolving LAN issues within 3 days, minimizing downtime.

Network Support Assistant

Oct 2022 - Jun 2023

De-Rightway Integrated Service Limited

- Configured and deployed Windows OS for 50+ devices, accelerating setup efficiency by 40%.
- Managed routers, switches, and printers, maintaining a 99%+ uptime for business operations.
- Diagnosed hardware failures, reducing system downtime by 30%.
- Provided hands-on technical support, resolving 80% of network-related issues on first attempt.

Data Entry Clerk

Jan 2022 - Jun 2022

Nigeria Network of NGOs

- Processed and validated 10,000+ data entries, ensuring 99% accuracy in records.
- Cleaned and organized datasets, improving data integrity by 15%.
- Handled customer inquiries via phone and WhatsApp, cutting response times by 40%.
- Analyzed membership data, providing actionable insights for process improvements.

EDUCATION

LADOKE AKINTOLA UNIVERSITY OF TECHNOLOGY
Human Anatomy

Nov 2015 - Apr 2022

PROJECTS

Tobrick - React E-commerce Website | | [View Demo](#) | [Github repository](#)

- Built a fully responsive e-commerce platform using React & TypeScript, demonstrating advanced front-end expertise.
- Designed a sleek, consistent UI with Tailwind CSS & Daisy UI, enhancing user engagement.
- Implemented dynamic product listings, category filtering, and a shopping cart for an improved shopping experience.
- Optimized performance, state management, and code maintainability with reusable components.

WidePen | Harvard CS50W Capstone Project | [View Demo](#) | [Github repository](#)

- Developed a tech blogging platform with Django & Bootstrap, ensuring a seamless user experience.
- Integrated secure authentication, safeguarding user data.
- Designed a responsive UI for cross-device usability.
- Enabled persistent data management through a database-driven post system.

CORE COMPETENCIES

Technical Skills:

- **Languages:** JavaScript, Python, SQL (Relational Databases: MySQL, SQLite)
- **Libraries/Frameworks:** React, NextJs, Django, Material-UI, Ant Design, Shadcn UI, TypeScript, TailwindCSS
- **CMS:** WordPress, Elementor
- **Tools:** Git, GitHub, VS Code,
- **Data Visualization:** Tableau, Excel

Interpersonal Skills:

- Strong problem-solving and critical-thinking abilities
- Effective written and verbal communication
- Fast learner, adaptable to new technologies
- Excellent time management and organization
- Collaborative team player
