This March, girls are invited to become game designers, storytellers, artists, and creators in the GameChanger Girls International Women's Day Game Design Competition! Whether you love gaming, drawing characters, inventing stories, or coming up with clever challenges, this is your chance to turn your ideas into a real game concept.

✨ What you'll do:

- Design your own original game
- Create characters, stories, and gameplay ideas
- Work with other girls who love creativity and games
- Submit your design to the International Women's Day competition by March 22nd.

🧠 No experience needed

You will not need to actually create the game- just create the plan for it; as such, you don't need to know how to code or make games already. If you can imagine it, you can design it!

Join us on ***Monday, March 16,*** or ***Friday, March 20***, in Room M300 at 3:10 pm to participate. More information is available **here.**
