

The Story Of Shifty

This is a story about a Crewmate named Shifty, he is a red crewmate with the bottom half mark of his visor being lime. He has been stuck in this form since his days during his sophomore year of High School. After a lime crewmate made fun of him outside. And he turned to become him but the rain broke his shift. But more infamously he was born with powers no other crewmate can hold and he HATES them with all his heart. In this story I will explain the history to the group "Blondies Team" And its co-owner Shifty.

It's April 25th, 2020. Shifty was about to start his average day at Crewmate.Co. Shifty never really enjoyed his job and his powers don't help. He believes his powers are capable of destroying the entire city. He was always worried that he would let out his powers while the crewmates were in the sky since if he let out the parasite in him the ship would explode and kill everyone on board. He feels he has no control over his powers. While Shifty was just trying to remain calm relaxing on the Skeld his phone rang. Shifty checked his phone and saw that his dad was calling him.

"Hello," Shifty says.

"Hi son! Your uncle has come by!"

"Okay tell him I said hi,"

"Nonono! You have to come down here,"

"Why?"

"He really wants to see your powers. He tried asking you to let them out years ago. But you wouldn't budge,". Shifty made to frown through his visor.

"I won't do it now and not ever!"

"Come on son! Just one glimpse". Shifty put the phone on silent for a bit. And he thought to himself.

'Well it's just one small pinch of power. I'll let it out once and never again,". Shifty turned the phone back to speaker. "Alright, alright,"

"Good I hope to see you in 3 hours,". Shifty ended the call and let out a long sigh. He went to his boss's office. His boss turned around.

"Yes Shifty,"

"I would like to clock out,"

"Why?"

"Family business,"

"Alright I'll let you go so I can stop worrying about those powers," The Boss let out a little giggle. Shifty stayed silent.

The Story Of Shifty

“Kay, bye boss,”. Shifty took an escape pod and went back down to earth. Shifty turned on his phone to map to find his way to old home. He hasn't been there since his mom died from the Black Impostor just the previous year. A few hours later Shifty arrived. As he arrived his dad saw that face he made when something wasn't right.

“Thinking about mom again?”

“No it's just...I don't really want to let the parasite out. What if I accidentally take all of you out?”. His dad looked at the ground and back up at him.

“Just control yourself, take deep breaths, don't think of the negative thoughts. Think of anything that's not a negative thought,”. Shifty sat there silently until he heard his Uncle Ray in the back.

“Hey how's my big boy,” Ray said as he let out his hands for a hug. Shifty came up to him and hugged him back. “So you're going to let out the parasite huh?”. Shifty's expression changed slowly.

“I don't want to...What if I-”

“Just breathe,” Ray said, cutting off Shifty. Later Ray set up a camera up in the corner of their backyard. “We gotta catch this on camera. This could be history,”. Shifty stood in the center with Ray, His dad, and some of the neighbors around him.

“On the count of three,” Ray says in a mic. “You let out the parasite,”

“3...2...1...PARASITE TIME!”. Two horns pop out his Shifty's head. He grows a big mouth with sharp teeth as a pink aurora comes out of his mouth. His visor began to crack his fast growth change and soon he was taller than the house. Ray started going close to him. As he turned to the camera he set up.

“And that y'all is a friendly parasi-”. Shifty bent down and bit Ray's head off. Shifty tried to control himself but the stress got the better of him. Everyone looked up at him in terror as he began to charge at everyone. Shifty's dad jumped the fence and almost got bit as well. The chaos went on for another 10 minutes until everyone in sight was dead. After the chaos Shifty began to transform back to a normal crewmate. And he looks around while Shifty takes on his parasite form; his mindset is only on destruction, murder, and chaos. And began to kneel down as he sobbed. And then rose back up to the sky and shouted

“WHY CAN'T I JUST BE A NORMAL CREWMATE!!!!”. Shifty heard police sirens coming from the entrance to the house. Shifty jumped the fence his dad jumped as well and ran and hid in a few bushes. The next day, he got aboard the

Airship as all of the other crewmates looked at him in terror. Shifty looked back at all of them as he tried to get to his room. Everyone who was in his path backed away from him. And the crewmate he slept with walked out of the room as he walked in. Shifty suddenly hears the bell as an announcement from the boss came out of the Airship speaker.

“All crewmates please report to the Meeting Room. I repeat all crewmates report to the Meeting Room!”. Shifty and all the other crewmates went up the ladder to get there. The boss hit the table. “First throw this guy off the ship”. He said as he pointed to Shifty. Shifty jumped in shock.

“But i'm a fellow crewmate,”. Everyone turned to him.

“No fellow crewmate will commit the stuff you did yesterday. Was this family business really just some Impostor attack? HUH!”. They started to carry him to the Viewing Deck before he could defend himself. They put him near the edge. As the boss went in front of all the other crewmates. Shifty tried to explain the situation to his boss.

“It was all an accident,” Shifty explained. “I didn't want to reveal my true powers,”

“Then why did you?”

“I..don't...know...” Boss and Shifty ceased all movement for a bit. Until Boss got closer and kicked Shifty off.

“Goodbye Impostor,” Shifty screamed as he fell.

A few hours have gone by, Shifty woke up and luckily he landed on an abandoned mattress that was in the middle of a random alleyway. Shifty got up and crouched down next to it.

“Maybe this is where I belong...away from everyone so I can't hurt anyone,”

The next day a rookie by the name of Blondie heads into The Airship. She is a very happy and uplifting person. She cares for all.

“Good morning Blondie!” another crewmate says.

“Good morning!” Blondie then sees a splat of ink in the corner of the hall. She taps her finger on it.

“Eww what is this stuff,”. The crewmate turns to look at it.

“Just some ink left from Shifty's tantrum,”

“Oka—wait who's Shifty?” The crewmate gave her a confused look.

“You know the guy who caused ultimate chaos at his house,”

The Story Of Shifty

“But he said that was an accident,”

“YOU BETTER NOT BE TAKING HIS SIDE. HE’S A MONSTER AND OBVIOUSLY AN IMPOSTOR,” The crewmate snapped at her.

“Okay...” Blondie went to her room. She felt bad for Shifty; she knew it had to be a mistake. It just had to be. So she grabbed some supplies and took a pod to go find Shifty. When she landed she landed in the middle of the city. Everyone gave her the look all crewmates get so she didn’t mind it. She started looking around and saw a big puddle of ink in an alleyway. She went towards the ink. And touched it again.

“Ewww. Definitely still ink from him,” She went further into the alleyway until she reached the other side of the city. “I guess he’s nowhere to be seen...” She turned around until someone yanked her from the back. She got up and saw three humans.

“Oooh look another stupid crewmate,” one of the bullies said.

“How about we try to finish our little game. But with her,” Blondie tried to get up but one of the bullies pushed her on the ground. Click click click.

“What was that?” one of the bullies said. They heard another sound coming from the trees behind them. As another bully was about to punch Blondie. Someone punched the bully from behind. When Blondie was able to get a good view she saw Shifty. She smiled.

“Oh great you again. What are you going to defend your wife over here?” the bully let out a little giggle. Shifty stood still as his horns started to come out of his head. The bullies were frozen in terror and they couldn’t make a move. Shifty entered his full parasite form as Blondie backed away from him. Shifty came closer to the bullies and bit their heads off. Blondie started to shake in terror and wanted to scream but she didn’t want to startle Shifty. After Shifty transformed back into a bean. The city and everywhere around had a strange vibe. Everything was so quiet for such a big city.

“More than likely just everyone in terror..” Shifty said. He then turned over to Blondie. “Your welcome,” Shifty tried saying with a good attitude. But when you’re in his shape that attitude is hard to show. Shifty turned away and walked away with his head down. Blondie then got up and tapped his backpack.

“Wait mister!” Shifty froze in his position.

“Are you that Shifty guy? The one who-” Shifty turned back to her in a fast motion.

“The one who killed everyone I loved and cared about? YES! Now get lost!” Blondie heard from his tone he was holding back tears while yelling at her.

The Story Of Shifty

Shifty turned around and started to walk away. Blondie followed him. Shifty turned to her again. "Is that hair blocking your hearing? GET. LOST!"

"Mister Shifty, I don't want to hurt you or bring you to a police station. I want to talk to you. I heard your story-"

"No crap, it's all over the internet and news," Shifty snapped at her. "Now why do you want to talk? Is it so you'll go viral on that stupid TikTok app since you're talking to the mad man himself?!"

"No! I want to try and help you," Shifty let out that little heh people give.

"Like I'm going to believe another crewmate after what they did to me!" Blondie pleaded to Shifty.

"I love helping others. I don't want you to forever be beat up by a simple mistake!"

"Simple? This is MAJOR how can you say something like this is just a simple mistake,"

"Please Shifty!" Shifty stopped talking to think for a moment. Then he went back to Blondie.

"Even if this won't be an easy task. It could be a death mission for all I know,"

"Then I can still help. Maybe it's a death mission if you're alone but we're together!"

"Why are you even helping me in the first place,"

"Oh well..." Blondie started to blush. "I don't know I mean I just explained it,"

"You have a crush on me don't you," Blondie knew he was right but she didn't want to tell him.

"I want to help you because you looked so fearless against those guys. And I'm just some random crewmate you decided to help. And I would hate to see such an amazing crewmate like you waste your talent over your fear for your powers. What do you say?" Blondie lends out her hand to make a deal.

"And what happens if we die?"

"Then we die..?" Shifty paused so he could think again. "Fine but you know what you just signed up for," Shifty grabbed her hand. And they shook on it.

Blondie woke up the next day.

The Story Of Shifty

“Alright Shifty, let's begin our journey!” She saw Shifty was already up staring at the city. Blondie walked up to him. “Let's go, come on!” Shifty stayed quiet for a while.

“Maybe even if I lose my powers everyone already sees me as this crazed impostor or some evil overlord. Maybe it's just too late...”

“Stop Shifty, there's still hope! We just have to find it,” Shifty turned to her and let out two big breaths.

“Let's do this!” Blondie grabbed her pack full of supplies and grabbed Shifty's hands.

The bells rang on the Impostor.CO building a few minutes later, Shiro woke up immediately. She walked outside and opened the door.

“Sorry for not opening sooner...I overslept,” Shifty was hiding behind Blondie so Shiro won't lose it once he shows himself.

“Hi I'm Blondie and I need help!”

“With what?” Blondie felt a little nervous to show Shiro Shifty. She didn't know if Shiro was one of the many people freaked out by him.

“Please don't freak out...” She moved to undercover Shifty. Blondie started to sweat; she didn't want Shiro to just call the cops right away. Shiro actually started to smile.

“Woah is that the Legendary Shifty!”

“Legendary?” Shifty said.

“Yeah I've seen your work. You're like the most violent crewmate I know. Why do you work at Crewmate.CO. Impostor.CO is where it's at!”

“Right...” Shifty said with an unconvincing voice.

“Look we need help getting rid of my powers,” Shiro looked at him in annoyance.

“Get rid of them? Boy I would keep them. You would be a great employee here. Maybe even better than John and he's like so insane,”

“Can you just help?”

“Ugh...” Shiro gave Shifty a stare. “Alright fine...Mitori is probably the girl to go to. She's the second smartest employee. John is the smartest but he won't help you like at all,”

“Okay we would like to go see Mitori!”

“Okay I'll lead you in! Welcome to Impostor.CO,” Shiro led the two to Mitori and Robert's room. Shifty knocked on the door. Robert creaked the door open by just a little.

The Story Of Shifty

“John, if that's you, nothing weird is happening over here!”

“Who's John?” Shifty asked.

“Oh whew, you're not John,” Robert ran out and closed the door behind him fast.

“Do I want to know why something weird would be happening in there?” Robert sweated.

“Uhh definitely nothing involving my girlfriend Mitori,”

“Wait Mitori is in there,”

“Yeah...But I wouldn't go in there if I were you...” Shifty just looked at him confused. Things stayed silent for a while until Robert realized who was in front of him.

“Wait a minute, are you Shifty?”

“SHIFTY?!” Mitori said from the room. “Let me see for myself,”

“Make sure the blood is cleaned first off you and everywhere else,” Robert ran into the room Shifty just watched in confusion. Blondie walked to the front office where Shiro was.

“What's going on with Mitori and Robert?” Blondie asked Shiro.

“Uhh something that you and Shifty don't need to know. I know you bean people don't function the same as us,”

“Okay!” Blondie walked back to Mitori and Robert's room. She noticed the door was open. She walked in. “So what happened,”

“Just murder I guess. These people are impostors after all,” Shifty replied.

“Hi, my name is Mitori, now I heard what Robert said. We are not dating, we are just roommates. And woo wee never thought I would be able to meet the legend himself Shifty. You really are some overlord!”

“Don't call me that!”

“Okay so Shifty was telling me he wanted to get rid of the powers he possesses. Why is that?”

“Well I'm pretty sure you heard the news about the chaos I caused.”

“Yeah that footage was so freaking intense I almost peed myself,” Mitori said with an excited tone.

“Well I didn't want that to happen. I never wanted to let out my parasite. I knew it could be that dangerous because no one would just listen to me! This whole thing would've been avoided if everyone just **LISTENED!**” Shifty let out a few tears after saying the listen. Mitori kneeled down and put her hand on his head.

The Story Of Shifty

"I know how it feels that my father died in front of me too. But he was shot for nothing he was working in his front yard. And I was out there helping him being his big strong girl he wanted me to be,"

"Hey you're also my big strong girl!" Robert added.

"Shut up Robert..." Mitori said as she turned to him. Shifty tapped on Blondie's head.

"Uhh Robert Mitori?"

"Yes," Robert and Mitori said together.

"Blondie and I would like to have a private conversation very quickly,"

"That's fine we'll walk out for a minute," Mitori replied. Robert and her then walked out the room. Blondie looked back at Shifty.

"What's wrong Shifty?"

"I was just thinking. Maybe we can try to make an alliance,"

"But we just met them. What if they all of a sudden turn their back on us and kill us. And may I add they're impostors,"

"They don't view me as a crewmate. They're one of the many people that see me as this overlord. Maybe I can use that title to get them to join our squad,"

"Squad? What's the name?"

"Uhhh... Well you did start this mission, how about Blondies Team?"

"Don't take yourself out of it. It should be Blondie and Shifty's Team!"

"No just Blondies Team,"

"Okay. And do you mind if I ask why you want to ally with them,"

"They seem trustworthy and smart. Well Mitori does, Robert seems like an idiot but oh well," Mitori knocked on the door.

"Hey can we come in yet,"

"Sure," Shifty replied. Mitori opened the door. Shifty went up to her. "I have two questions I want you to answer,"

"What's up?"

"Do you know where these powers came from? And how they ended up with me?"

"After looking at the new article about what you did. The spouse of your father is an impostor. You see here at Impostor.CO were given these parasite forms from John. Who is our boss,"

"Oh so that's who John is..." Shifty added.

"And when your mom was giving birth to you the DNA of your mom had the parasite mixed in. And mixing that with the DNA of your dad. He was a crewmate right?"

The Story Of Shifty

“Yeah,”

“That messed up your DNA and gave you all the powers you have. The only way you two can fix it is find a way to separate the parasite from yourself,”

“Alright...Now here’s my second question, do you want to join our team,”

“What’s the name?” Shifty bumped Blondie. Blondie knew it was a signal to say it with him.

“**BLONDIES TEAM!**,” Shifty and Blondie said together.

“Why is it just the Blondies Team? Don’t you do most of the work Shifty,”

“Well Blondie started this operation,”

“Okay...”

“So what do you say?” Shifty lend out his hand. Mitori smiled with determination.

“I’m in. But not Robert,”

“What?” Robert said in the back.

“I need you to um...uh...guard our place. If someone trashes our place I’ll be heartbroken. And you don’t like to see me sad right?” Robert shook his head fast. “Then you will be my guard!”

“Anything for you Mitori!” Robert looked at her lovingly.

“Let’s go, you two!” Mitori said as she pointed to her door. Shiro looked up and saw the trio leaving.

“Where are you all going?”

“We found a way to get rid of my powers!”

“Okay good for you. See you later Mitori!” The trio left Impostor.CO. While they were walking around the city everyone around would back up or scream. Mitori looked around in confusion as she turned to Shifty who seemed unfazed by it. Mitori was about to open her mouth to ask a question. Then Shifty put his hand gently over her mouth.

“Typical crowd in my world,” He said to her with a soothing voice. They have been walking for a few hours. Shifty was tireless but Mitori and Blondie looked dead.

“Shifty, can we make a pit stop?” Mitori said, taking a breath in between words. Shifty turned to her and let out a breath.

“Alright, wait at a gas station to get snacks or a hotel to sleep?” Blondie pointed her finger up.

“I would love to go to sleep...” Blondie said, taking a breath in between words. Shifty didn’t want to say anything that could sound rude. Since his powers give him so much energy. And they don’t have unlimited energy like him.

The Story Of Shifty

“We can go to a hotel...” Shifty said. Mitori opened her eyes.

“I’ll pay for it..” Mitori said as she squeezed her knees together so she could say up. Mitori then handed her phone over to Shifty. “You look for a hotel...” Blondie and her then went to a nearby bench and took a seat. Shifty looked for a hotel until he eventually chose one.

“Alright I found one!” He turned to them and they were fast asleep. Shifty didn’t want to disturb them. So he called a taxi. Once the taxi arrived with his strength he carried the two in the car. After a while they arrived at the hotel Shifty carried them to the room and tucked them in bed. “I really hope that Robert was joking about the whole boyfriend and girlfriend thing with Mitori and him or else I’m screwed,” Shifty whispered to himself. And that night Shifty went to sleep more happy than he has in a while.

Shifty woke up at 4:00am, which is pretty normal for him. He sneakily walked out of the room and shut the door. He went down to the lobby as the manager Andre was out there doing his night duty. Andre looked up at Shifty. Shifty looked back expecting a bad comment. Andre smiled.

“You must be that Shifty guy right?”

“Yeah let me guess you hate and are scared of me. Everyone is,” Andre shook his head in disagreement.

“Nah, I think you’re one of the coolest crewmates I’ve ever seen,” Shifty looked down in disapproval.

“Cool?! I killed my uncle!” Andre stood up.

“You can really use your parasite to help you. I saw you carrying those girls with your bare hands. Guess what you needed to do that,” Shifty stayed silent for a bit. “Your powers! You just have to control yourself. Not get rid of them. Whenever you let it out, take a deep breath and try to remain calm,” Shifty looked back at him.

“Whatever you say,” Shifty walked away. Shifty went outside the building and looked up at the room his friends were sleeping in. Shifty then felt someone tap his backpack. He turned around and saw a girl with pink hair and a heart shaped hair sticking out of her head. She had what he assumed was a cozy pink sweater on. And she had gray shorts and long purple and pink striped socks. With sandals. Shifty didn’t know what to think of the girl. He thought she was some crazy teenager. Since to him she didn’t look like a grown adult. She started to blush and Shifty backed up. She then charged at him with a big hug. Shifty froze in his position. Then she let go. She let out an expressive.

The Story Of Shifty

“EEEEEEEEEEEEEEEE!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!Are you Shifty????!!!,” The girl who was too expressive for Shifty, he couldn’t answer. Instead he stayed in his position. And then gave his response.

“Yes I am Shifty...Why are you so hyper?”

“Op, sorry did I startle you?”

“Yes very much...” Shifty said, still frozen in his position.

“Sorry, my boyfriend thinks I can be like that...”

“You’re married?”

“Huh...No we are in love. But not married,”

“Okay we’re getting off topic. Why did you lose your stuff when you saw me?” Pinku started to blush.

“You looked so cool in the footage. And I really wanted to meet you!”

“Great act, I bet you’re terrified of me,” Shifty crouched down. Pinku then noticed a strain of green hair peeking out of his backpack. Pink picked it up. Then turned to look down at Shifty.

“Did you perhaps go to Impostor.CO and talk to Mitori?”

“Yeah..why?” Pinku then had an expression of excitement. “Uh oh...” Shifty said in his head.

“HOW WAS SHIRO? DID SHE GET EXCITED TO?????!!!!!!!!!!” Pinku said straight in his face.

“Please just calm down...” Shifty said terrified.

“Oh sorry again, How excited was Shiro?”

“Shiro? She was definitely excited. When I told her I wanted to get rid of my powers. Then she started to get mad,”

“Why do you want to get rid of your powers?” Shifty took a breath and then turned up to Pinku.

“After that situation my life hasn’t been the joyous experience I’ve wanted. Instead it’s a lot of bullying, harassment, etc.”

“You know I have a parasite, and I can control it,” Shifty started to look up as an idea or big thought came into his brain. “You can always come to me for help! I want to help others,” Shifty turned to her. And let out a sigh.

“Alright...”

“May I come to your room, So I can use the restroom quickly?”

“Fine...Follow me,” He got up and took the elevator up to his room. And opened the door. Pinku then started to use her excited expression again. Shifty then backed up into the hallway of the hotel. He then heard the bathroom door in his room close so he walked in his room again.

The Story Of Shifty

“Whew, good that she decided not to burst my eardrums. And instead went to the bathroom...” Shifty walked out of the room again.

A few hours passed. Shifty walked back in the room hoping everyone woke up. Right as he got Blondie was right in front of the door.

“There you are!” Blondie said in a relieved voice. Shifty then looked around the room confused.

“What happened?” Shifty asked.

“When Mitori woke up she saw you weren’t in the room at all. So she woke me up and started freaking out. She went to the front desk to ask if they saw you get kidnapped or something else,”

“Oh,” Shifty said in a worried voice. Shifty let out a little chuckle. Blondie pulled out her phone and called Mitori. A little while later Mitori came up to the room. Shifty stared at her while he was sweating. “Did you see who came in here?” Mitori looked at him confused. “I guess not,” a knock came from the door. Shifty opened it and Pinku jumped in.

“Hi Shifty!” Pinku then saw Mitori in the room. Mitori stared back at her. Pinku began to smile and so did Mitori. Pinku then charged at Mitori with a hug. Mitori hugged back. Shifty walked closer to them.

“So are you two besties?” Mitori turned to look at him.

“Pinku is friends with pretty much everyone in Impostor.CO except John. She’s so lovable that’s why John hates her,”

“Oh...Well we better get back to our mission before I cause any more harm. Pinku turned to Shifty.

“But remember our talk. All you need to do is control yourself,”

“Pinku’s right,” Mitori added. “She has a parasite of her own. But she isn’t afraid to let it out. But she can control herself. Maybe she can help you!” Shifty’s visor went down.

“I can’t. I’m not like Pinku where I’m full of love and positivity. My life is harder than hers,” Mitori kneeled down to reach Shifty’s height. And lay her hand on his head. “We need to find someone that can separate the parasite from me!” Mitori thought for a moment and let out a long sigh.

“If you want them gone so bad. I know who to go to,”

The four went deep into the woods. Pinku and Blondie were shaking in fear. Mitori was slightly shaking as well. Shifty was unaffected; he has been through more scary things than scrolling through the woods. Shifty saw from afar

The Story Of Shifty

a run down house. He looked at the map Mitori gave him. He turned back to them all.

"This place looks abandoned. Are you sure this is the right place?" Shifty asked. Mitori turned to him.

"I...I'm..pretty sh..sh..ure," Shifty's visor went down. Shifty knocked on the door. The door swung open and almost hit him. Shifty's visor went in a circle shape to show shock. Pinku hid behind everyone. Then a puff of smoke came in front of them and the lost legend Wizard appeared.

"Who dares enter my house," Shifty pointed up to speak. "DON'T YOU SEE NOBODY CARES ANYMORE. I WOULD LIKE TO STAY A THING OF THE PAST!!!" Shifty looked confused.

"One; please calm down. Second; why does nobody care?" The Wizard pointed his wand at Shifty.

"Oh, those little electronics are the only magic everyone needs now. Now scram!" The Wizard motioned his hand to say go away. Shifty got back up.

"I refuse to leave. I need your help!" The Wizard jumped in shock then slowly turned to Shifty.

"You need my help?" Shifty just looked at him. The Wizard picked him up with his magic. The Wizard got a close look at him then let him go.

"It can't be," Shifty looked up at him in disbelief. "Are you Shifty? DO YOU WISH TO USE MY MAGIC TO TAKE OUT SOCIETY AS A WHOLE!" Shifty visor went into an angry position.

"Yes I am Shifty and I'm here to get rid of my pow-"

"SHUT YOUR YAPPER! YOU WILL NOT BE ACCEPTED FOR YOUR ACTIONS! AND YOU STILL CLAIM YOUR A CREWMATE!" Shifty's visor started to glow a red color. Mitori gasped and ran in front of Shifty before The Wizard could see the red.

"Who are you?"

"I'm Mitori and I'm trying to help him. I lead him here." The Wizard stared at her. Then looked down at Shifty.

"Alright since people are willing to give you a second chance. I will as well," He said in a calm voice. They all went into his house. The Wizard then grabbed Shifty and hung him from the legs upside down.

"Hey, what are you doing!" Shifty shouted at him. The Wizard looked up at him.

The Story Of Shifty

“It’s all part of the process,” He said calmly. He then used his hand to motion the other three to join with him. “He told them to take a seat. Pinku smiled at Shifty. “Now fight it,” Shifty looked confused.

“What?”

“Go deep into your thoughts, and fight the parasite in your brain. COME ON!!” Shifty began to squeeze up his visor. “COME ON YOU WANT IT GONE FIGHT IT HARDER!!!!” After a while a massive explosion came from behind them. They all turned around and saw the parasite behind them. Pinku began to shake. “Now I’ll just have to tranquilize it and-” The parasite squished the Wizard before he could finish his sentence. The parasite let out a big roar and broke through the ceiling of the house. And walked towards the city. Mitori got up.

“EVERYONE WE HAVE TO GET IT!!!”

“WHAT ABOUT ME!!” Shifty yelled to them. Shifty was still stuck to the bars of metal. Mitori tried to pull him out. Then Blondie tapped her shoulder. And pointed to a lever on the wall. Mitori pulled it.

Shiro was cleaning her file cabinet. John went up to her.

“Where is Pinku and Mitori?” Shiro looked back up at him.

“They went somewhere together!” John looked at her with a confused look. Shiro knew from his look John knew something else was happening. He then came back with Robert.

“You’re telling me Mitori left the building without Robert?” Shiro began to sweat.

“Yeah!” Shiro said, trying not to give deep details. John gave her a thinking stare. Shiro tried to act natural. “I’ll be right back. I just need to go to the restroom,” Before she could leave John grabbed the back of her shirt. He held her in front of her.

“I know something bad or wrong is happening. You always act like this when you’re hiding something. MIND TELLING ME!!” Shiro turned to the front door as she heard a loud crash come from the outside.

“Something’s going on out there!”

“Now you’re trying to change the subject I see,” John then heard a similar crash. As Pinku ran in the building crying. Shiro got out of John's grip and went to Pinku. She patted Pinku on the back

“Pinku is everything okay?” Pinku turned to her and gave her a hug. She wiped tears from her eyes then spoke.

The Story Of Shifty

“Just look outside, there's something really bad happening out there,” Shiro and John went outside. And saw a mega version of Shifty's parasite destroying the city. Mitori started to run to the Impostor.CO building to get Pinku then she was stopped by John.

“Do you know what happened Mitori?” John asked her. Mitori didn't want to make him upset. She stayed silent for a bit until Robert came running out of the building and gave Mitori a big hug. Mitori took a deep breath and told John what happened. John started steaming of anger. Mitori backed up as Shifty ran into her.

“Ow,” Shifty says while his hand is on his head. “Hi Shiro, who's that he looks pretty angry,” John then aggressively picked up Shifty.

“GET. RID. OF. YOUR. POWERS!!!” Shifty turned to Mitori. She yelled out.

“I'm so so sorry, John wouldn't leave me alone until I told him,” Shifty turned back to John.

“So you're John?”

“YES AND THAT DECISION YOU'RE MAKING IS ONE OF YOUR DUMBEST!”

“You know you're kind of terrifying, can you just put me down?” The parasite then shot fire next to them. As it then went to then. “RUN!” Shifty shouted. All of them ran in separate directions but the parasite chased Shifty. “Aw shift, it's after me,” Shifty hid under a collapsed building. And tried to find some kind of weapon. All Shifty could hear was cracking fire, and everyone was just yelling in fear. Shifty knew this could happen. Shifty then started to reflect on what Pinku, his uncle, his dad, and Andre said. He could hear them all say in his head.

“Just control yourself, remain calm, and the parasite won't be so destructive,” Shifty then got out of hiding and whispered.

“Let's do this...” While everyone in the Impostor.CO building ran out; Shifty ran in. He went to their weaponry area and grabbed as many weapons as he could.

The parasite approached Pinku, Shiro, Robert, Blondie, and Mitori. Pinku was so afraid she began to cry. Mitori, who is usually the most fearless employee, couldn't handle it either. The parasite lifted one of its tentacles above them. And was about to strike. Shifty then threw a harpoon at the parasite's visor. The parasite let out a big roar then turned to Shifty.

The Story Of Shifty

“SHIFTY RUN!” Mitori shouted to him. Shifty turned to Mitori, Mitori never saw Shifty look and appear so fearless.

“The only one who can defeat my parasite is myself...” Shifty said to her. Mitori looked at the parasite and then looked at Shifty. She got up and went to him.

“The only way to kill a parasite is to hit the core!” She pointed to the heart of the parasite. It was hard to make out where the heart is because the massive pink aurora was blocking Shifty's view. But he knows his parasite well. Shifty nodded to her and slowly walked to the parasite. Blondie wanted to look but she would hate to see her lov- I mean friend die. Shifty approached the parasite and pulled out a sword he took from the Impostor.CO building. The parasite spawned arrows from the sky. The arrows pointed to Shifty then they all went down to him. Shifty rolled, ran and dodged the arrows. Shifty used his swords and messed up the direction of the arrow to point into the parasite's mouth. The parasite choked out fire. Shifty used this distraction and attempted to stab the core.

The parasite swung a tentacle at Shifty. Shifty rolled out of the way. Another harpoon flew into the mouth of the parasite. Shifty turned and saw it was Blondie who threw it.

“NOW SHIFTY!” Blondie yelled at him. Shifty nodded to her and threw his sword deep into the core. The parasite froze and exploded. Leaving a floating broken core behind. Shifty pulled out the sword and jumped into the core. The core absorbed into him. And another explosion occurs. Blondie ran to the explosion. “SHIFTY!!” She dug through the broken rubble and Blondie saw a huge bump come from the top. Blondie backed up and Pinku picked her up and hugged her. Blondie started to cry. “Why did he jump into the core?” Pinku just stayed silent.

“Because he’s an idiot...” John said. Shiro turned to him.

“Shut up!” John turned to Shiro. Shiro began to sweat again. And yanked her again.

“WHAT DID YOU JUST SAY TO ME?!” Shiro began to sweat even more. Before John could continue. The pink aurora came out of the rubble. John dropped Shiro on the ground. Shifty then flew out with his revealed mouth letting out the pink aurora his parasite had.

“HAHAHAHAHA, I AM NOW YOUR GOD SHIFTY!!!!” Blondie jumped out of Shiro's arms. Shifty flew to the ground. Once he reached the ground. Blondie leaped on him and gave him a big hug. Shifty then hugged her back. Mitori ran to him.

The Story Of Shifty

“What happened?” Shifty turned to her.

“I decided maybe I should start listening to others. I see the use in my powers! I’ll learn to control myself,” Shifty turned around and saw another blue crewmate running to him. The blue crewmate had a white mask with black sockets, and a black hoodie.

“THAT WAS SO COOL,” The blue crewmate said.

“Well Thank you!” Shifty said.

“My name is YTZ or some people call me Shadow,”

“Well nice to meet you!” YTZ ran back to where he came from. Mitori patted Shifty on the head. And gave him a hug.

“Thank you!” She whispered. Robert ran to her.

“Hey you’re my girlfriend not his,” Mitori turned and frowned at him. Shifty chuckled.

Six months later, Shifty was still in his hideout. Shifty heard a buzzing coming from his phone. It was Blondie.

“Hey Shifty,”

“Hey Blondie!” Throughout all that time Blondie and SHifty grew a closer friendship. Blondie still had her crush. And Shifty knew very well. She wasn’t good at hiding it.

“I found this game where we can promote and make items for your group. Do you remember it?”

“Yes, Blondies Team,”

“Good i’ll send you a link to the game and our group,” Blondie sent him a link to a game titled Roblox. Shifty clicked it and it took him to the group. He made his username “Amongus_45656” Blondie already made her being “Blondie1145” and he was given his role being “Shifty” and he began making his first item on that group.

Since then the group has gained more members. Even YTZ and Andre joined and were assigned “Co Leaders”. And Shifty has made countless items and is still making some behind the scenes! Wanna join Blondies Team?
