

Privacy Policy for Daily Sudoku Answers

Last updated: 2025-06-11

We value your privacy. This policy outlines how the "Daily Sudoku Answers" Chrome extension ("the extension") handles information.

1. Data Collection and Usage

We want to be completely transparent: **The extension does not collect, store, or transmit any personal or sensitive user data.**

The extension's sole function is to fetch publicly available puzzle data from the New York Times Sudoku webpage. This process is anonymous and does not involve any user-specific information. The data is used locally within your browser to display the puzzle and is cached temporarily on your local machine to improve performance. This cache is not accessible to us or any third party.

2. Permissions

The extension requires the following permissions for its core functionality:

- `storage`: To temporarily cache puzzle data on your local device.
- `host_permissions` (for `nytimes.com`): To fetch the daily puzzle data.

These permissions are used exclusively for the purposes described above.

3. Changes to This Policy

We may update this privacy policy from time to time. We will notify you of any changes by posting the new policy on this page.

4. Contact Us

If you have any questions about this Privacy Policy, you can contact us at:
