Unit Plan Overview: International Women's Day (10-12)
Celebrating Inspiring Women

Lessons and links to resources are listed below. Online lessons have audio and some have interactive activities.

Answer guides for worksheets and handouts are located here at the bottom of the page to keep hidden from students.

Here are activities designed for students to celebrate the accomplishments of women who are inspirational to them. They have been developed for different ages and are all included here for teachers to use/adapt/combine as preferred:

- Celebrating Women Who Inspire Us - suggested for grades 4-6
- Celebrating Inspiring Women - suggested for grades 7-9
- STEM: Celebrating Inspiring Women - suggested for grades 9-12

There are comprehension and reflection worksheets for each lesson. Some options for use:

- Have students choose 1 or more to complete rather than doing them all
- Students can work in groups to do them all together and discuss reflections
- In groups of 3, students do 1 or 2 lessons on their own then share & discuss reflections

Lesson 1: Young Women & The Fight Against Climate Change
- Numeracy Activity Women in STEM - Circle Graphs
- Literacy Building Vocab Worksheet 1
- Young Women Climate Activists Worksheet

Lesson 2: Anna Wessels Williams - A Pioneer in Treating Infectious Disease
