Student scores can be used to assist in identifying students who may need additional educational opportunities and provide information for curriculum improvement discussions. These assessments are included within the Act 158 State Graduation Pathways. Please note the

Take Your Child To Work Day- April 24, 2025

Take Your Child to Work Day 2025 will occur on April 24, 2025. As in years prior, the district will excuse absences of students whose parents choose to *take them to work* given the proper procedures are followed. The appropriate permission form will be available in the main office. Students can pick up a copy if they plan to miss school to attend work with their parent/ guardian. This will need to be completed *PRIOR* to April 24th, and will notify

their teachers of the planned absence and allow them to make up work and exams missed upon their return. If there are any questions about this process, you may refer to **Board Policy #204**.
