

AGENT DEVICE V.2

AGE 21	Height 190 CM	Weight 73 KG	File Author: 'Werbel'
Title / All known aliases Antonio Viola 'Ant'		Classification	<input type="checkbox"/> Rogue <input type="checkbox"/> Agency Affiliate <input checked="" type="checkbox"/> Agent
<p style="text-align: center;">Appearance</p> <p>Antonio is an effeminate Italian man which can usually be observed wearing a highly impractical bright purple coat and scarf. He has medium length, light brown hair that he doesn't seem to style in any meaningful way. He is both tall and scrawny. And for better or for worse, it is extremely easy to notice him. He possesses prosthetic legs which he voluntarily had installed in order to facilitate landing from high places. He also possesses a wrist mounted shotshell cannon characteristic of all arbiters.</p>			
<p style="text-align: center;">Background</p> <p>Born to a former AGENT, Antonio's status within the agency is something that can only be attributed to <i>extreme nepotism</i> due to his general inability to engage in combat outside of melee and 'kicking very hard'. His refusal to use firearms of any type is quite frustrating however understandable as the recoil from any caliber above 9mm would most likely snap his arm bones like twigs. His mother, The now retired Agent 'Nightshade' (Mrs. ████████ Viola) placed him in care with the Agency at a very young age which is <i>objectively</i>, a blatant case of child negligence and endangerment.</p> <p>Antonio also tends to display extreme cases of psychological fragility, often breaking down in tears.</p> <p>However, all of this aside he does possess the knowledge and skill required to use his shotshell augmentation to its fullest as well as a strong ability to adapt to situations which, under good leadership, could allow him to accomplish great things. But with his current state along with his unprofessional attitude and general disregard for authority he's not somebody to trust with missions of high importance.</p>

Recovered from INCIDENT LOG: XX/XX/XXXX:
Subject: Antonio Viola.

On XX/XX/XXXX. An incident occurred in which Antonio attempted to fire a M1911 (An old earth single action semi-automatic pistol) which ended up jamming. Antonio's clumsy attempt to unjam said firearm led to it misfiring and injuring his right hand. This incident seems to be the catalyst for his refusal to use firearms.

"Last night I saw 'that purple kid' <referring to Antonio Viola> almost blow his hand off. He hasn't wanted to touch a gun since.."
