For inquiries, contact Mr. Jim John, the Program Director, at 6154 3475 or via the above email.

Content of Submission:

Submission guidance for the ESG Award:

1. Begin with your project name or organisational initiative, then outline the scope, objectives, planning, challenges, resources, activities, measurement, progress, controls, metrics, etc.
2. Write a separate section summarising how the submission meets the evaluation criteria for governance, strategy, risk management, and metrics. This structure helps the judging panel assess submissions consistently and fairly.
3. Submit the entry as a single PDF file. Any supplementary materials, such as information, photos, or images, should be included within the same file.

Submission Guidance for the BPPM Award

1. Build a compelling, well-structured narrative: start with an executive summary, then outline the strategic objectives and scope. In the execution section, describe your leadership approach, team structure, and stakeholder alignment. Show how you addressed complex technical and people challenges, managed risks, and kept the project under control. Conclude with KPI-based results that demonstrate how your management delivered measurable business success.
2. To maximize your score, highlight appropriate stage of the narrative clearly shows how it addresses the five core evaluation criteria, each weighted at 20%.
3. Submit the entry as a single PDF file.
