

CASHTON SCHOOL DISTRICT SUMMER SCHOOL COURSES 2025

The Cashton School District is inviting **all students who live within its boundaries or who attend under open enrollment** to participate in a wide variety of exciting classes designed to meet the diverse needs and interests of students of all ages and abilities to provide them with many opportunities to combine learning and fun. **All students are encouraged to take advantage of this great opportunity to continue learning all year.** Teachers are definitely able to see positive results for students who participate in the summer school program. Please seriously consider providing this opportunity for your child(ren).

Attached, you will find a list and description of the classes we are offering this year. Students are invited to take as many classes as they wish absolutely **free of charge**, with the exception of Golf where scholarships can be awarded if there is need or interest. Classes require students to be ready to explore and learn! Once students sign up for classes, they will be encouraged to attend each day.

Bus service will not be provided for the summer classes. Carpooling with friends and neighbors will allow more students to take advantage of this opportunity. Shorter classes are scheduled back to back on the same day to reduce the number of trips to and from town while enabling students to participate in multiple valuable learning opportunities.

Breakfast and lunch will be available for purchase for all students and will be free for those students who qualify. It will be offered in the elementary cafeteria each weekday June 16-June 27 and August 4-15 from 7:30-8:15, and 11:45-12:15. A free lunch will be available to everyone from 11:45-12:15 in the lobby of the elementary school and will be provided by members of the Cashton Community, July 7-25.

Summer school enrollment can be completed online. Visit [this link](#) to register. Please enroll by **April 11**. If you do not have internet access, contact Sherri in the office at 654-7377 ext. 300 and she will assist you with registration. If you have any additional questions, call Sara Schauf at 654-7377 ext. 301. Please come and join us and let us help you give your student a great start to the new school year! This course packet as well as a full summer school calendar is located on the District Website under the Elementary tab. Here is a [1 pager \(English\)](#) / [1 pager \(Spanish\)](#) with the course listings.

Elementary Offerings

Track

June 9 - 13

8:00-10:00

Track

For students entering grades 3-8

Teacher: Mrs. Lee

Students will be introduced to the events of track and field. Those enrolled will see demonstrations and practice use of starting blocks, hurdles, relays, and field events (long jump, triple jump, shot put, discus and high jump). Time will be spent in developing the skills of the participants in all events. Students should wear comfortable clothing and must wear tennis shoes that tie or velcro on.

English Language Development

June 9 - 13 (INVITE ONLY)

8:00-12:00

Elementary Room 138

For students entering 5K-12

Teachers: Mrs. Christopherson and Mrs. Koeller

The focus of this course will be to develop English language skills while tapping into their native language knowledge and background. Research has shown that having a strong foundation in one's native language supports second language development. Students will have the opportunity to practice all domains of language: listening, reading, speaking and writing.

Brains & Bodies Ready!

June 9 - 13

8:00-12:00

Elementary Rooms 25 & 26

For students entering 5K & Language Group

Teachers: Ms Johnson and Miss Love

Calling all kindergarten and language group friends! We'll have fun as we play games and enjoy activities that help our fine motor, gross motor, and executive functioning skills grow! We'll enjoy tinkering with our fingers, moving and grooving our bodies, and making connections with our brains!

Outdoor Adventure and Fun

June 9 - 13

8:00-12:00

Elementary Multipurpose Room

For students entering grades 1 and 2

Teachers: Mrs. Stalsberg and Mrs. A. Miller

Come and join us to explore and learn at area parks! Each day we will visit a different park (schedule may change) and spend time exploring, playing, and learning. We will also have a picnic lunch each day so don't forget to bring a lunch/snack. Let's have some FUN outside!

Introduction to Coding

June 9 - 13

8:00-10:00

Elementary Library

For students entering grades 3-4

Teacher: Mr. Hanley

Students will explore coding and computing concepts through creative digital projects using microbits and robots.

Create, Craft and Innovate: Makerspace Adventures

June 9 - 13

10:00-12:00

Elementary Library

For students entering grades 3-4

Teacher: Mrs. Von Ruden

Get ready for hands-on fun! In this exciting course, 3rd to 5th graders will dive into a world of creativity and problem-solving. Build and program robots to navigate custom mazes, engineer LEGO masterpieces, and bring your ideas to life with the Glowforge laser cutter. Whether you're a builder, a coder, or an inventor in the making, this makerspace course has something for everyone!

Reading Academy (This program pairs well with Math Academy!)

June 16-27

8:00-10:00

Elementary Room by grade level

For students entering grades 5K-5

Teachers: Grade Level Teachers

Entering Grades 5K

Focus: Students will develop social and academic language and vocabulary through rich literature and thematic play. Students will practice asking questions, participating in class discussions and describing their play. Students will also have opportunities to play with words to develop phonemic awareness and vocabulary. The focus of this course is addressed by Wisconsin Model Early Learning Standard III C.

Format: Specific academic and social vocabulary and skills will be directly taught with opportunities to practice vocabulary through age-appropriate literacy activities. Students will share about their experiences in a closure activity, incorporating some of the new vocabulary to support oral language development. Teachers will provide opportunities for peer interactions, structured group academic discussions, as well as 1-1 conferencing with a teacher.

Entering Grades 1-2

Focus: Reading fluency, comprehension, and vocabulary will be developed through the use of age-appropriate fiction and non-fiction books.

Format: Independent, small group, and whole group activities will be planned to align with the learning needs of the participants whether they are already strong readers or are developing foundational skills.

Entering Grades 3-5

Focus: Students will explore multiple high-interest books from a variety of genres to expand their background knowledge, make connections to other books and real-world situations, make reasonable predictions, and participate in activities that simply make reading fun.

Format: Independent, small group, and whole group activities will be planned that align with the learning needs of the participants whether they are already strong readers or are developing foundational skills. Students will have the opportunity to share their thoughts and ideas with others about the books they are reading.

Math Academy (This program pairs well with Reading Academy!)

June 16 - 27

10:00-12:00

Elem Room TBD

For students entering grades 5K-5

Teachers: TBD

This two-week program has been developed to enhance and develop essential skills in mathematics in a fun, game oriented manner. Students will play cooperative and competitive games, use SMART boards, computers, and participate in additional enjoyable learning activities. The Math Academy is intended for all students of all math abilities.

Golf

July 7 - 11

8:00-10:00

\$25 Fee/Scholarship available (email ihrcke.brandon@cashton.k12.wi.us for additional information)

For students entering grades 4-12

Teachers: Mr. Ihrcke and Mr. Urbanek

Swing into summer with our Golf Fundamentals course, open to students in grades 4-12! Whether you're a beginner, learning the basics or an experienced player looking to sharpen your skills, this class covers everything from grip and stance to putting and driving. Our instructors will provide personalized guidance in a fun and supportive environment. Join us on the course to build confidence, develop techniques, and enjoy the game of golf!

Treasure Hunt Adventures (This course pairs nicely with Recycled Innovations)

July 7 - 11

8:00-10:00

Elementary Room TBD

For students entering grade 1

Teacher: Mrs. Adey

Ready for an adventure? During this highly-engaging class, students will find clues, solve puzzles, and complete challenges to uncover hidden treasures. Whether you're a pirate, explorer, or detective, teamwork and creative thinking will lead you to victory! Get ready for riddles, maps, and a whole lot of fun as we search for the ultimate prize!

Treasure Hunt Adventures (This course pairs nicely with Recycled Innovations)

July 7 - 11

10:00-12:00

Elementary Room TBD

For students entering grade 2

Teacher: Mrs. Adey

Recycled Innovations (This course pairs nicely with Treasure Hunt Adventures)

July 7 - 11

8:00-10:00

Elementary Room TBD

For students entering grade 2

Teacher: Miss Boardman

In this hands-on summer course, students will use recycled materials to solve problems and design unique works of art! Through fun and engaging projects, they will explore innovation, teamwork, and sustainability while transforming everyday items into imaginative creations. Students will develop problem-solving skills, think outside the box, and express their creativity in exciting new ways. Join us for a fun-filled experience where creativity and resourcefulness come together!

Recycled Innovations (This course pairs nicely with Treasure Hunt Adventures)

July 7 - 11

10:00-12:00

Elementary Room TBD

For students entering grade 1

Teacher: Miss Boardman

Puzzles and Legos

July 7 - 11

8:00-10:00

Elementary Room 135

For students entering grades 3-5

Teacher: Mrs. Brown

We will take the week and have fun strengthening our brain muscles through problem solving. We will build and make puzzles as well as have lego challenges!

Crazy for Crafts

July 7 - 11

10:00-12:00

Elementary Room 135

For students entering grades 3-5

Teacher: Mrs. Brown

Do you enjoy being creative and making projects? Then Crazy for Crafts is the class for you! We will explore different materials and techniques to make projects that are fun and creative.

Volleyball

July 14 - 18

8:00-10:00

HS Gym

For students entering grades 4 & 5

Teacher: Miss Fanning

Volleyball fundamentals

Outdoor Games

July 21 - 25

8:00-10:00

Elementary Room 135

For students entering grades 3-5

Teachers: Mrs. Brown and Mr. Brown

This class will be focused on outdoor games students can play in their neighborhood with limited supplies. We will play games with frisbees, such as ultimate frisbee, frisbee golf, and frisbee target games. Also, we will play games with balls, such as ultimate football, spud, and big base. The whole idea is to give the children more alternatives to play outside of their homes.

Games Galore

July 21 - 25

10:00-12:00

Elementary Room 135

For students entering grades 3-5

Teacher: Mrs. Brown

We will take gaming to a new level. Do you enjoy learning a new board game? Have a family favorite that you want to share with friends? How about playing online games where you can compete with or against friends? We will take the week and play games that practice critical thinking, problem solving strategies and good old fashioned fun.

Story Heroes (This class pairs well with Sea Life Explorers)

July 21 - 25

8:00-10:00

Elementary Room TBD

For students entering grade 2

Teacher: Miss Boardman

In this engaging summer course, students will explore teamwork and problem-solving strategies through interactive read-alouds and hands-on activities! They will connect with inspiring characters who model collaboration, perseverance, and emotional management. Through lively discussions, storytelling, and fun group activities, students will practice real-life techniques to work together, navigate challenges, and build confidence. Join for a summer of learning, laughter, and growth as we strengthen cooperation skills in a supportive and exciting environment!

Story Heroes (This class pairs well with Sea Life Explorers)

Jump Start

August 4 - 15

8:00-12:00

Elementary Room by Grade Level

For students entering grades 4K-5

Teachers: TBD

Classes will be held Monday through Friday (8:00AM-12:00PM) for these two weeks, breakfast and lunch will be available for purchase for all students and will be offered in the elementary cafeteria. State-licensed teachers will provide age-appropriate activities for students that will increase their physical, social, and academic skills designed to provide learning embedded in fun-filled activities. During these two weeks, elementary students will participate in reading and math activities, learn new games, and participate in a 30-minute PE period and STEM period. This has been very helpful for students as they prepare to return to the routine of the regular school year. THIS PROGRAM IS DESIGNED FOR STUDENTS OF ALL ABILITIES! We will keep the activities moving and engaging. Our goal is to provide students with interesting, challenging, stimulating, and fun things to do during the time they spend with us. We look forward to having your student join us in getting ready for school!

Middle School Offerings

Hoops Mastery: Shooting, Scoring and Handling

June 9 - August 15 on M, W, F

12:00-2:00

Elementary Gym

For students entering grades 6-12

Teacher: Mr. Brown

By the end of the summer program, participants will demonstrate proficiency in shooting accuracy and ball handling skills through consistent practice and improvement, enabling them to effectively apply these skills in game-like situations. This target emphasizes both the technical skills (shooting accuracy and ball handling) and their practical application, ensuring that participants not only improve their individual abilities but also understand how to use these skills in a competitive setting.

Track

June 9 - 13

8:00-10:00

Track

For students entering grades 3-8

Teacher: Mrs. Lee

Students will be introduced to the events of track and field. Those enrolled will see demonstrations and practice use of starting blocks, hurdles, relays, and field events (long jump, triple jump, shot put, discus and high jump). Time will be spent in developing the skills of the participants in all events. Students should wear comfortable clothing and must wear tennis shoes that tie or velcro on.

Create, Craft and Innovate: Makerspace Technology

June 9 - 13

8:00-10:00

MS/HS Library

For students entering grades 5-8

Teacher: Mrs. Von Ruden

Unleash your creativity in the MSHS Library Makerspace! This hands-on course lets 6th to 8th graders design and craft amazing projects using cutting-edge technology. Learn to use design software, create custom pieces with vinyl cutters, and bring your ideas to life with the Glowforge laser cutter. From art to engineering, the possibilities are endless!

Learning to Code with Graphics

June 9 - 13

10:00 - 12:00

MS/HS Library

For students entering grades 5-8

Teacher: Mr. Hanley

Students will learn basic programming concepts by using the Python coding language to draw shapes, pictures, and create graphic drawings of their own design.

Strength and Speed

June 4 - July 31/ No class July 3

6:45AM - 9:15AM

HS Cardiolab

For students entering grades 6-12

Teacher: Mr. Radke

Students in this class will learn what it takes to build strength, speed, and agility. To go along with our workout routine, each week we will have a focus topic: proper nutrition, the components of FITT, injury prevention, keeping a fitness journal, components of fitness, and fitness programming. Approximate time breakdown: 10 minute focus topic, 10 minute warm-up, 40 minutes of strength training, and 15 minutes of speed, agility, and flexibility.

English Language Development

June 9 - 13 (INVITE ONLY)

8:00 -12:00

Elementary Room 138

For students entering grades 5K-12

Teacher: Mrs. Christopherson & Mrs. Koeller

The focus of this course will be to develop English language skills while tapping into their native language knowledge and background. Research has shown that having a strong foundation in one's native language supports second language development. Students will have the opportunity to practice all domains of language: listening, reading, speaking and writing.

Golf

July 7 - 11

8:00-10:00

\$25 Fee/Scholarship available (email ihrcke.brandon@cashton.k12.wi.us for additional information)

For students entering grades 4-12

Teachers: Mr. Ihrcke and Mr. Urbanek

Swing into summer with our Golf Fundamentals course, open to students in grades 4-12! Whether you're a beginner, learning the basics or an experienced player looking to sharpen your skills, this class covers everything from grip and stance to putting and driving. Our instructors will provide personalized guidance in a fun and supportive environment. Join us on the course to build confidence, develop techniques, and enjoy the game of golf!

MS Football Fundamentals

June 10 & 12, July 15 & 17, August 12, 13, 14

5:00PM-7:00PM

Practice Field

For students entering grades 6-8

Teacher: Mr. Radke

Students in this class will learn the basics of organized football. Students will learn proper stance, blocking techniques, footwork, along with basic football positions and responsibilities. Students will participate in 7 on 7 football, conditioning, and other team building activities.

History of Modern Gaming

July 7 - 11

8:00-10:00

HS Room 129

For students entering grades 6-8

Teacher: Mr. Moreno

In this course students will learn the history of video games. Aside from learning the history behind video games, students will have the opportunity to be hands-on with consoles and games ranging from the original Nintendo to modern Virtual Reality titles.

History of Modern Movies

July 7 - 11

10:00-12:00

HS Room 129

For students entering grades 6-8

Teacher: Mr. Moreno

In this course students will learn about the history of filmmaking. We'll cover the first silent movies all the way up to modern blockbusters. As a class we'll learn about some of the most famous movies of all time and how they've impacted the world of filmmaking. There will be a trip to a local movie theater that will have a minor cost to students.

Bombastic Board Games

July 14 - 18

8:00-10:00

HS Room 129

For students entering grades 6-8

Teacher: Mr. Moreno

Students will have the opportunity to learn and play a variety of board and card games. Game types vary from cooperative zombie adventures, to competitive monopolistic ventures.

Volleyball

July 14 - 18

10:00-12:00

HS Gym

For students entering grades 6-8

Teacher: Miss Fanning

Volleyball fundamentals

Literacy & Math

July 28 - August 1

8:00-12:00

MS Room 210

For students entering grades 6-8

Teacher: Miss Wiltinger

Join us this summer to develop or strengthen a love for reading and math. Through this course we will explore different areas of math and literacy in fun and engaging ways. There will be games, team building activities, and more to get you ready for middle school next school year!

Outdoor Games 2.0

July 28 - August 1

8:00-10:00

MS Room TBD

For students entering grades 6-8

Teachers: Mrs. Brown and Mr. Brown

This class will be focused on outdoor games students can play in their neighborhood with limited supplies. We will play games with frisbees, such as ultimate frisbee, frisbee golf, and frisbee target games. Also, we will play games with balls, such as ultimate football, spud, and big base. The whole idea is to give the children more alternatives to play outside of their homes.

Crazy for Crafts 2.0

July 28 - August 1

10:00-12:00

Elementary Room 135

For students entering grades 6-8

Teacher: Mrs. Brown

Do you enjoy being creative and making projects? Then Crazy for Crafts 2.0 is the class for you! We will explore different materials and techniques to make projects that are fun and creative.

Oh the Drama!

August 4 - 15

8:00-12:00

MS Room 102

For students entering grades 5-8

Teacher: Mr. Goede

Come join us on the stage. We will be putting on a one act play for the public. We will learn stage basics and build our play from the ground up.

MS Basketball Fundamentals

August 4 - 8

10:00-12:00

Elem Gym

For students entering grades 6-8

Teacher: Miss Fanning

This course is designed to introduce and implement fundamental skills and practice habits for basketball. Athletes will work on their shot development, dribbling, passing and footwork. We will also cover basic concepts in defensive skill and team play. Be ready to learn how to become a better player and teammate throughout the week. All athletes are encouraged to attend regardless of experience.

Sixth Grade Jump Start

August 18 - 22

8:00-10:00

MS Rm 103

For students entering grade 6

Teacher: Miss Pierce and Miss Krause

Are you nervous about opening your locker? Worried about getting lost on the first day of school? Wondering what your schedule will look like? Put all of your worries to rest with 6th grade orientation! In this week long class we will teach you the ins and outs of Cashton Middle School so you come ready to hit the ground running on your first day of school!

Music Courses

July-August (Monday-Thursday)

8:00am-1:00pm

Teacher: Mr. Muraski will schedule with students

6-12 INDIVIDUAL AND SMALL GROUP Lessons:

Instruction on band instruments is available on an individual or small group basis. As a rule, the beginning level of instruction is taught in small groups such as clarinets, flutes, and trumpets. As students progress, the instruction is tailored more on an individual basis. Beginning band students will have the opportunity to learn their instrument to get ready for the upcoming school year, and more advanced students can sharpen their skills to become more well-rounded musicians. Summer lesson schedules will be shared with students sometime in late May.

High School Offerings

Strength and Speed

June 4 - July 31 / No class July 3

6:45AM - 9:15AM

HS Cardiolab

For students entering grades 6-12

Teacher: Mr. Radke

Students in this class will learn what it takes to build strength, speed, and agility. To go along with our workout routine, each week we will have a focus topic: proper nutrition, the components of FITT, injury prevention, keeping a fitness journal, components of fitness, and fitness programming.

Approximate time breakdown: 10 minute focus topic, 10 minute warm-up, 40 minutes of strength training, and 15 minutes of speed, agility, and flexibility.

Driver's Education

June 5 - 26

10:00-12:00 or 12:15-2:15

Teacher: Miss Lepak

Students with birth dates between May 15, 2010 and May 15, 2011 or older, who are interested in taking drivers ed this summer, should stop in the office to sign up. There are two class times 10:00–12:00 and 12:15–2:15 so sign up on the sheet with the class time you prefer. Classes will be held in-person here at school this summer. **Register with Miss Lepak.**

English Language Development

June 9 - 13 (INVITE ONLY)

8:00-12:00

Elementary Room 138

For students entering grades K-12

Teachers: Mrs. Koeller and Mrs. Christopherson

The focus of this course will be to develop English language skills while tapping into their native language knowledge and background. Research has shown that having a strong foundation in one's native language supports second language development. Students will have the opportunity to practice all domains of language: listening, reading, speaking and writing.

Hoops Mastery: Shooting, Scoring and Handling

June 9 - August 15 on M, W, F

12:00-2:00

Elementary Gym

For students entering grades 6-12

Teacher: Mr. Brown

By the end of the summer program, participants will demonstrate proficiency in shooting accuracy and ball handling skills through consistent practice and improvement, enabling them to effectively apply these skills in game-like situations. This target emphasizes both the technical skills (shooting accuracy and ball handling) and their practical application, ensuring that participants not only improve their individual abilities but also understand how to use these skills in a competitive setting.

High School Physical Education (credit course)

June 9 - July 2 (Monday through Thursday)

8:00-12:00

Elementary Gym Lobby

For students entering grades 9-12

Teacher: Mrs. Pitcher

Summer PE class focuses on keeping students active and engaged through a variety of sports and fitness activities. The curriculum emphasizes teamwork, physical endurance, and skill development in a fun and energetic environment. Students participate in games like soccer, basketball, and swimming, while also embarking on adventurous activities. The goal is to help students stay active, build healthy habits, and enjoy the benefits of physical activity during the summer months.

Golf

July 7 - 11

8:00-10:00

\$25 Fee/Scholarship available (email ihrccke.brandon@cashton.k12.wi.us for additional information)

For students entering grades 4-12

Teachers: Mr. Ihrcke and Mr. Urbanek

Swing into summer with our Golf Fundamentals course, open to students in grades 4-12! Whether you're a beginner, learning the basics or an experienced player looking to sharpen your skills, this class covers everything from grip and stance to putting and driving. Our instructors will provide personalized guidance in a fun and supportive environment. Join us on the course to build confidence, develop techniques, and enjoy the game of golf!

AGRICULTURAL CLASSES

(Times to be announced - Register with Mrs. Blank in Ag Room)

Teacher: Mrs. Blank

CLASSROOM ACTIVITIES:

The course offers development in the students' Supervised Agricultural Experience program. Work will consist of visitations by the instructor to see the development of the program. Students will address the area of record keeping, management strategies, and financial planning while developing their own supervised experience program.

SOILS EVALUATION CLASSES:

The course is offered for students interested in being able to evaluate land and soil in the Cashton area. Work will include on farm workouts where soil will be evaluated for texture, structure, slope, land classification and conservation practices best suited for that land. Students will get hands-on skills to help them develop and understand these specific soil properties.

LEADERSHIP ACTIVITIES:

The Cashton Ag Department offers numerous field trips during the course of the summer. Students will be able to experience many different areas of agriculture and self-development. Summer tours look at various agricultural industries, production facilities, and farming designs. The students will promote leadership, personal development, teamwork and self-esteem.
