Mahila College Campus, Vikas Gruh Road, Jamnagar | www.hjditijam.org

NAAC Cr 1.1.1

Bhavan's Shree H. J. Doshi Information Technology Institute ensures effective curriculum planning and delivery through a systematic, well-documented, and transparent process in alignment with the guidelines of Saurashtra University. The institution strictly follows the prescribed syllabus for programmes such as BCA and B.Com., ensuring uniformity and quality in curriculum implementation.

At the beginning of each academic year, the institution prepares a detailed academic calendar based on the university schedule. The calendar includes commencement of semesters, teaching days, Continuous Internal Assessment (CIA), practical examinations, university examinations, and vacation periods. It is communicated to faculty members and students and is strictly followed to ensure timely completion of academic activities.

A decentralized and participative approach is adopted in curriculum delivery. Departments prepare detailed teaching plans and lesson plans for each subject. Faculty members develop unit-wise plans specifying course content, number of lectures, and timelines. This ensures systematic coverage of the syllabus and helps in achieving the expected learning outcomes.

A well-structured timetable is prepared for all programmes, ensuring effective allocation of theory and practical sessions. Special emphasis is given to computer practicals for BCA students to enhance hands-on learning. The timetable ensures optimum utilization of classrooms and computer laboratories, while maintaining balanced workload distribution among faculty members.

The institution adopts a learner-centric teaching-learning process by using a combination of traditional and ICT-enabled teaching methodologies. These include lectures, demonstrations, practical sessions, assignments, and project work. Faculty members also use digital resources such as online study materials like Google Classroom, Websites and university question papers to support effective learning.

Continuous Internal Assessment (CIE) is conducted systematically as per the academic calendar. The institution organizes internal tests, assignments, and practical evaluations to assess student

NAAC Cr 1.1.1

performance. The evaluation process is transparent, and answer sheets are discussed with students to provide feedback. This helps in identifying slow and advanced learners. Remedial guidance is provided to slow learners, while advanced learners are encouraged to perform better.

The institution maintains proper documentation of all academic processes, including academic calendar, teaching plans, timetables, attendance records, and internal assessment reports. These records are regularly reviewed by the Head of the Institution to ensure effective implementation and continuous improvement.

To ensure transparency and accessibility, syllabus copies, previous question papers, and academic information are made available to students.

Through effective planning, structured implementation, continuous internal assessment, and systematic documentation, the institution ensures efficient curriculum delivery and creates a conducive environment for quality teaching and learning in line with NAAC quality standards.

Bhavan's Shree H. J. Doshi Information Technology Institute

Mahila College Campus, Vikas Gruh Road, Jamnagar | www.hjditijam.org

NAAC Cr 1.1.1

Bhavan's Shree H. J. Doshi Information Technology Institute, Jamnagar does the following

1. University Guidelines & Prescribed Syllabus

The institution strictly follows the syllabus prescribed by the affiliating university to ensure uniformity and quality in curriculum implementation.

2. Academic Calendar Preparation

A comprehensive academic calendar is prepared at the beginning of the year including semester schedule, teaching days, examinations, and vacations.

3. Communication to Stakeholders

The academic calendar and relevant academic information are communicated effectively to faculty members and students.

4. Department-wise Planning

A decentralized approach is adopted where departments actively participate in planning and execution of curriculum delivery.

5. Teaching & Lesson Plans

Faculty members prepare detailed teaching plans and lesson plans with unit-wise syllabus distribution and timelines.

6. Timetable Preparation

A structured timetable is designed ensuring balanced allocation of theory and practical sessions and optimum use of resources.

7. Curriculum Delivery (Theory + Practical + ICT)

Teaching is conducted using a mix of lectures, practical sessions, assignments, and ICT-enabled tools for effective learning.

8. Continuous Internal Assessment (CIA)

Regular internal assessments are conducted through tests, assignments, and practical evaluations as per schedule.

Bhavan's Shree H. J. Doshi Information Technology Institute

Mahila College Campus, Vikas Gruh Road, Jamnagar | www.hjditijam.org

NAAC Cr 1.1.1

9. Evaluation, Feedback & Student Support

Evaluation is transparent; feedback is provided to students, with remedial support for slow learners and encouragement for advanced learners.

10. Documentation, Review & Continuous Improvement

All academic records are maintained and periodically reviewed by the Head of the Institution to ensure quality enhancement.
