

Kennedy/Johnson Flash Cards!

In each of your groups, have each complete flash cards for each of the words (1 card for each word). On the **FRONT** of the card, draw a picture and put the word under it. On the back, write a brief description (at least 3 of the 5Ws). Then, quiz your table on the cards. Make sure to take notes, during the game, so you can study the terms. *Tip: When writing your notes, put the description in your own words so you can understand it better when studying
