

Mission Statement
Preparing today's students for tomorrow's world in a caring learning environment.

Mid-Prairie Community School District
Central Administration Office
1636 Highway 22 East
Wellman, IA 52356

4-10-2023 Central Office Report

State Reporting

We are starting with state reporting, which will go until the end of June. Carmela will work with building administrators on this, covering various items.

ISASP

3rd-11th grade students will soon begin with ISASP testing. HS students will participate in these assessments next week, along with the MS students over the next two weeks. West Elementary students will begin these assessments April 18th and Virtual and interested HSAP students will test the last week in April. Preliminary data for the district assessments will be shared by early summer, with published student reports at the beginning of the 23/24 school year. Much gratitude to all building staff in the support and implementation of these online assessments.

Disaster Relief

We met on 4-3 with all directors and administrators to devise a plan to help. The communication and collaboration to organize close to 500 people going out was incredible. In addition, we coordinated with the Wellman Fire Chief and the families that needed assistance. We will meet again soon to determine if we can provide additional assistance.

Staff Contracts

Contracts were issued as soon as the board approved the proposal. Jeff created contracts and had them in the buildings within a few days. As a result, we have several contracts returned and look forward to the rest of them returning.

OPN

During our first FAC, members shared that providing community members with updated information would be beneficial. In response, OPN and district staff have worked together to develop a facility tab on the school website. This tab will cover what is going on in the district with current projects, how the committee is moving forward, and frequently asked questions.
