

Welcome to Third Grade!

Dear Students and Families,

Hello and welcome to the third grade! You will learn from two amazing and fun teachers: Mrs. Wilson and Mrs. Bratton. We are thrilled to have the opportunity to work with you this coming school year! In third grade, we will engage in many interesting activities. In math, we will learn multiplication and division. During writing time, we will write stories, letters, and reports. What's more, we will explore science through research and experiments. You will even become real scientists and discover amazing facts, plus we will have many more fun adventures too. This is going to be a terrific year!

Fun Fact: Did you know, we were both born and raised right here in Smyrna, Delaware? Not to mention, we both have had the pleasure of raising our children here, too. Mrs. Wilson loves cooking, gardening, and going to the beach. Mrs. Bratton enjoys spending time with her family and her many pets, going camping, and being outdoors. We have been working together for many years in the Smyrna School District, and can't wait to learn more about you, too!

If you have any questions or concerns, please ask. We are here to help you. We can be reached at school by phone at **302-653-8589** or by email at either Kelly.Wilson@smyrna.k12.de.us or Susan.Bratton@smyrna.k12.de.us. We are super excited and looking forward to meeting and working with each of you.

Sincerely,
Mrs. Kelly Wilson
Mrs. Susan Bratton
