Riga Dev Days 2018 is one of the largest IT conferences in the Baltic states and the most important one! There are more than 60 speakers announced for #RigaDevDays conference.
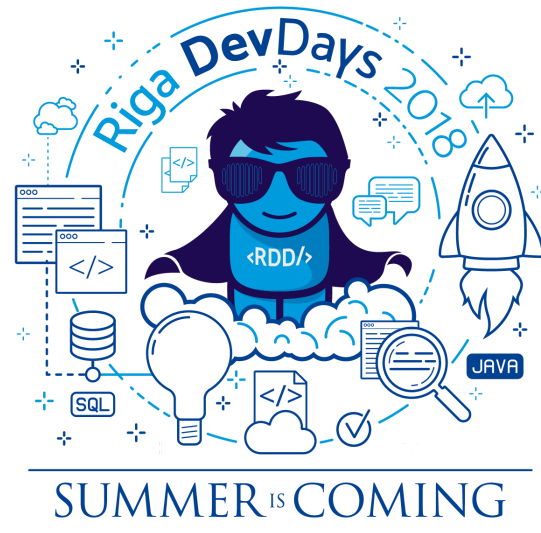

Agenda is online:

29-May Tuesday, Workshop schedule

30-May Wednesday, Conference Day 1 schedule
after party in Spikeri
31-May Thursday, Conference Day 2 schedule

The conference will have plenty of in-depth presentation on subjects such as System Architecture and Design, Java, Oracle Database, .NET, Data Analytics, Operations, Scalability, Performance, Big Data and other challenging business needs!

We have also provided a "convince your boss" editable letter to support you in justifying your attendance at Riga Dev Days 2018. Speak with your boss/HR/team lead today, mark your calendar, and make sure you are ready to register.

Special promotion code offer for Baltic Oracle user Group members is ORA_UG, hurry up to secure your ticket as current price is till April 26, 2018. Use this code in promotion section on registration page.

In addition to the conference we have Unconference day with Bryn Llewellyn master class on Edition-Based Redefinition(EBR) on Friday, June 1, 2018 from 9:00 to 17:00
Registration to Bryn Llewellyn master class on EBR
