

List of things to organize for Colour Mixing with Gouache:

Paints

A couple of brushes

Water for adding to paint and for cleaning brushes

Paper for painting on: create an 8x8 grid with squares about .5 inches (leave space all around the perimeter for writing)

A pen or pencil

Optional: magnifying glass (some of the numbers are really small to see on the tubes)

A palette for mixing paints (a dinner plate will do)

Yours in service,

HL Aspasia Bevilacqua
