

SSOCC Child Care Program Fees 2025/2026/2027

Updated: November 2025 to reflect our projected 2026/2027 rates and programs.

Frequently Asked Questions About our Fees

Yes, we participate in ACCB and CCFRI

Our program all participate in either the Government Child Care Fee Reduction Initiative program or the 10.00/day program. These government discounts are noted on each program fee chart (below)

For eligible families, we accept the Affordable Child Care Initiative. This subsidy must be applied to by the family. You can find more information about this government program [here](#).

Annual fee increases are government approved fee increases

As part of participating in the CCFRI initiative, the BC Government sets and approves our annual fee increases. We implement annual fee increases each year in September and update the planned increase as soon as we receive confirmation about our fee increases from BC Child Care Operating Funding.

As of 2024, the Ministry of Education of Child Care regularly approved fee increases are 2.5-3% annually with approval per facility. Any increase beyond that is approved on a case-by-case basis, by an adjudicator at the Ministry of Education of Child Care

The \$10.00/day program

We are leaving the 10/day program in March, 2026.
