notes: if theres one thing i learned from this part its to never stay up til 6m trying to finish a mep part, you wont get anything good done and you'll only end up crying bcos the birds outside your window are too loud and you cant think clearly. please dont sacrifice your health for editing yall

10 + 11. song: Dirty Mind

media: Sans/Komaeda (Dang rope and undertale) and Hisoka/Illumi (Hunter x Hunter)

host: me!

full mep: <https://www.youtube.com/watch?v=JjuwNGzKAqQ>

notes: 2 day collabs are a lot harder than i expected especially when u got classes to go to. my hisoillu part is literally that picture of that drawing of the horse that progressively gets less and less detailed but thats ok bcos it was done on time. also im genuinely terrified for the inevitable ae collab bcos that layout is fucking impossible i tell u

12. song: Chlorine

media: Chrona (Soul Eater)

host: Suika

full mep: <https://www.youtube.com/watch?v=pubHse2J6gE>

17. song: Money Honey

media: Yuuri Katsuki (Yuri!! on Ice)

host: Queen Team

full mep: <https://www.youtube.com/watch?v=ljrXxza0llc>

18. song: Breakin Dishes

media: Kurapika (Hunter x Hunter)

host: IC Crew

full mep: nop ;w;

notes: i was rlly proud of this part at the time and tbh its still pretty good. kurapika's anger almost matches the absolute massive dick energy that this song possesses

host: Bunnychese

full mep: <https://www.youtube.com/watch?v=Rg-vYaWHCi4>

notes: i made this part entirely out of spite for the s8 ending bcos im a dumb bitter shipper like that. at first curtis/shiros background husband was gonna make a special appearance but it ended up removing him rip. i dont hate the guy tbh, i just hate that he was thrown in last minute for woke points with 0 buildup. also sidenote i seem to only be able to make sheith parts with the pan flag colors lmao

media: 3rd gym kids (Haikyuu!!)

host: Gravity Forces

full mep: https://www.youtube.com/watch?v=yu_aYOTWd1U
