

How to Submit Proposals

Please submit your proposal electronically as a single PDF file using [the application portal](#) by **1 August 2024**. In addition to including your budget in the single PDF file, you will also need to submit your budget as a separate Excel file.

Application Template

Project Title

Principal Investigator

(Please include a CV not to exceed 5 pages for all investigators. An NIH or NSF biosketch is acceptable, but not required. Please be sure that CV or biosketch includes reference to prior mentoring experience and any prior research awards)

Co-Investigators / Mentors / Mentees

(Mentors and mentees are not required but can be included. Funding for student mentees may be requested separately.)

Abstract / Non-Scientific Project Description Overview

(30 lines maximum)

Global Health Equity Context

(1 page or less. Please describe for a lay audience how your project relates to global health equity. This statement should include: 1) a brief description of the health disparity including any knowledge gaps and/or opportunities; 2) the role of the community in defining the issue and creating or collaborating with this project; 3) Implications of the proposed project for the partners, for a broader audience, for the applicant, and for CGHE/UVA)

Research Plan and Works Cited

(5 page limit. Include the following 5 sections only: Specific Aims, Significance and Innovation, Approach/Methodology, Milestones, and Supporting Literature/Works Cited. Note that works cited references are not included in the page limit. If relevant, please indicate the potential for future external grant support.)

Plan for Sustainability, Follow On Funding, and Dissemination

(Describe your plans for the continuity of your proposed work. This can include grants, book, new curriculum etc. Please provide the specific funding call in your proposal and plan for applying in your timeline. Also include how you will disseminate your work, please be specific in where and how you will do this.)

Plan for Engagement with Students

(Indicate how students will be involved and actively engaged in the research proposal. Note that stipends and support for up to 3 student scholars will be provided with additional funds beyond the \$30,000 for the Guerrant Professor Award – typically up to an additional \$10,000 per year with funds supported by the Center for Global Health Equity. Students will be identified in collaboration with awardee and participate in the CGHE Scholar Program.)

CGHE Richard and Nancy Guerrant Professorship Proposal
PI Name (Last, First):

Timeline, Budget & Budget Justification

(Please include a timeline of the proposed project including start date & milestones; a budget using the attached template; and brief budget justification)

Letters of Support (optional)

(You may include a letter of support from global partners. This is not required. Please do not submit more than 2 letters.)
