Terms Of Service

Payment is accepted on PAYPAL

- Payment must occur before the sketch. **!** I accept plan payment from any amount **!**

- Private arts are accepted.+50% to the cost (you must notify before the art, otherwise the art will be public)

- I'm not returning the money. You can claim art equivalent to the value of the one you paid for

-I don't have clear deadlines.

- If you need art by a certain date, please specify it first. Otherwise, I perform arts on the queue list.

-I often get sick and the deadline may increase. I'm warning customers about this.

-I draw bonuses for delaying the deadline for a disrespectful reason (everything except illness)

-If the customer does not have an idea for a drawing, I draw 2-3 sketches to choose from. After approving the sketch, I clarify the details and change the sketch if necessary. I often send Wips during work, but this is not always the case. You can ask to send a Wip at any stage of the work

-I can make edits at any stage of the work. Only particularly difficult edits are paid for
