From letter 11 22 25

I have good news. I seen PRC last Tuesday 11-11-25, it went good. I'm at 13 points so I made medium. I showed them my three poetry books I wrote, and still add to here and there. Plus my novel that I'm proud to say I finished. Now just doing some touch ups. I wrote to A(P?)BC News and WPR about Waupun and all that's happening here. I told them Waupun needs to be under a deep investigation. All the drugs being brought in for inmates to sell through cash app. And that security no staff do nothing to prevent any of this. Power lines of cells going out constantly through the day." everyday". it's like the use of drugs is being promoted by white shirts CO(no piss?)test on the lines that go out. from the inmates.smelling the smoking of k2.weed,and listening to inmates yelling over the tier selling drugs and staff don't care.I feel as if I'm complaining about all this Mrs Swan but it's my concern over the way this prison is being [ran](#). It's corrupt what's being allowed To be done here. I Cordell r e s e a n Neal 573776 give Mrs Swan permission to share all my concerns in my letter with Community organizations of any branch. This prison system must be cured for it soon will be beyond any help.
