

2M Newsletter
October 9, 2025

Dear 2M families,

I hope you are having a great week. There is no school for students Friday, 10/10 and progress reports will be live.

Please note the following:

This year, elementary (K-3) has a new grading system that is encompassing varying levels of proficiency. It is as follows:

D= difficulty meeting a standard

W= working towards meeting a standard

PwS= proficient on a standard with adult support or scaffolds

P= proficient on a standard

Your child is not expected to be proficient at this point in the year. Please do not be alarmed if you find "W" or "PwS". For progress reports you will only find letters under social emotional and work habit categories. There is a narrative under social emotional as well.

Thank you for all your help and support.

Sincerely,
Miranda McClellan
