

Virtual Museum Tour Assignment

Latin 1 and 2

In this assignment you will travel by Internet to various museums of world art. You'll look at the art work, then write it up in a format outlined below. This will let us keep studying the Greco-Roman world together despite the current plague.

The first museum we will visit will be the Getty Museum in Los Angeles, a favorite of Magistra Loop.

<https://artsandculture.google.com/partner/the-j-paul-getty-museum?hl=en>

This is what you will need to do. First choose a work of art in the museum which relates to the Greco-Roman world. Then examine it and read the writeup. Compare to your historical and cultural notes, and write up three questions, answering in complete sentences.

1. What is this work of art? When and where was it made, and for whom? Don't copy word for word.

2. How does it reflect what we have talked about and seen in class?

3. What is your personal reaction to it? This needs to be more thoughtful than "It's sort of pretty," or "Yuck, he's nekkid!" If you have no personal reaction to a work of art, then choose another one.

Extra Credit: Prepare a TikTok video relating to the item, and send it to me. Any approach is fine.
