

As you are choosing your outfit for this event, please keep in mind that this is a special event for which we want to look our best. The dress code is a little bit more relaxed and flexible this time to hopefully help you have more options for your (optional) costume. Please carefully read all the rules. Reach out if you have questions or need help =)

Boys Dress:

Collared shirts (button-up or polo), long or short sleeved and t-shirts are allowed for this dance. Examples below.

Jeans are OK for boys for this dance if they are nice - NO holes. No track suits or workout wear. No open chested shirts. Closed toe shoes: NO flip flops, socks or bare feet. Deck shoes, loafers, converse and Vans would all work well. Try not to wear shoes that are super sticky/rubbery on the bottom since it is hard to slide and turn in them.

Girls Dress

Skirts or dresses knee length or longer. This means touching the top of the knee, regardless of leggings. If there is a lace overlay, the skirt underneath (solid fabric) needs to touch the knee. **Examples of minimum hemline below.**

Minimum hemline, solid fabric
touches top of knee

Straps at least one inch wide.

- No pants (other than leggings under your skirt or dress).
- Leggings or shorts are required if the skirt rises past the knees while twirling. It's a good policy to wear dance pants under your skirts regardless of length.
- No low-cut, strapless, backless, or halter tops. Straps need to be at least one inch wide. No exposed cleavage or bra straps. If you aren't sure, wear a cardigan over your dress.

Jean *skirts* or *dresses* are OK for this dance and they must touch at least the top of the knee.

Closed toe shoes recommended, but not required. Sling back shoes- not recommended since they do not provide very good support and slide off easily. No flip flops, socks, or bare feet. If you don't have dress/dance shoes, Converse type shoes work well. If the girls want to wear heels, please bring another pair of more comfortable shoes in case they want to remove the heels. Below are some more examples of dress-code friendly duds.
