Community Learning Day #4 On-Campus Workshops
April 24, 2026

1 - Volleyball, Anatomy & Yoga - Students will compete in an energetic volleyball tournament designed to build teamwork, communication, and school spirit in a fun, supportive environment. Between games, students can recharge at a guided yoga station. We will also be taking a deep dive into the muscular system and the implications that it has on overall health. Come prepared with clothing that allows you to move freely through your range of motion. Students can expect to have an improved understanding of breath, posture, strength, flexibility, and alignment.	Gym & Skybox	27	Jamie Taube & Aaron Bui & Robert Bertran & Jay Besina
2 - Da Vinci Cafe - A calm, café-style workspace with soft music and lighting where students can bring and enjoy a drink or pastry while working in a neurodivergent-inclusive environment.	3201	30	Alison Gomez & Kelsey Vazquez
3 - Managing Media - Tired of doomscrolling and ready to actually build something? Trade your feed for a field trip to Siegel + Gale's LA headquarters. Come hang out with the strategists behind one of SoCal's top branding agencies and discover career paths you didn't even know existed. Stop watching the world change—come learn how to brand it.	3304	12	Angel Maxwell & Donald Puathasnanon
5 - Office Hours & Homework Help - Students will have the opportunity to come into office hours to ask for help with any assignments or get feedback, including help with math.	2204	4	Candace Linton & Ivonne Alarcon
6 - Just KIDding - Spend the morning immersed in your favorite childhood games and activities! Today is all about play, stress reduction, joy and fun!	Black Box Theater	24	Diane Feldman
7 - Resume & Portfolio Workshop - In this hands-on workshop, you'll create the tools you need to land a job or internship. We'll walk step-by-step through building a strong resume, setting up (or improving) your LinkedIn profile, and starting (or improving) your digital portfolio. By the end, you'll leave with at least one polished, ready-to-use document that you can confidently share with employers. No experience required.	3306	11	Eric Martintsch
10 - First Aid, CPR, & AED - Learn how to do First Aid/CPR/AED! Learn how to do emergency medicine and save lives when people need it! (Non-certification class)	MPR	17	Jeremy Wong
11 - 3D Modeling - Learn how to make a toy airplane in Onshape.	2401	16	Justin Mitchell-Klockner
13 - Hand-sewing - Whether you're a beginner or experienced, students in this workshop will learn how to make a simple handsewn project -- no materials required, but bringing a simple sewing kit or fabric of choice is appreciated!	4304	16	Rachel Mitsch

14 - Budgeting for Life & Beyond - Whether you are a freshmen or senior, this workshop is designed to support you in making a financial budget that will support you in managing your money and ultimately support you financially planning for your future.	4305	4	Stephen Skoropad
15 - Understanding the College Admission Process - This workshop will cover the final steps of the college admission process - understanding your decision letters, comparing financial aid offers, navigating waitlists, meeting the May 1 commitment deadline, and preparing for a strong finish to senior year.	2104	1	Sylvia Soria
16 - Media Production Careers - Students will explore career opportunities using media production skills, learn about the production pipeline, make a talkshow while getting hands on exposure to professional tools, and will get to analyze student-created projects.	3402	6	Tangier Clarke
17 - Philosophy 101 - Learning key philosophies to expand your thinking and mind in ways that can help build peace and purpose.	2103	4	Travis WImer
18 - Organization & Study Hall - Do you need time to catch up on assignments and get organized? Join this workshop for open study hall time and support with organizing your Google Drive so you can stay on top of your work and feel less stressed.	3202	3	Weston Sarver & Vivianne Navarro
19 - Field Trip to Universal Technical Institute - Take a field trip to Universal Technical Institute to explore a variety of career pathways in the skilled trades. During the visit to the UTI Long Beach campus, students will tour the facility and gain insight into programs such as automotive, welding, aviation, HVAC, electrical work, and other in-demand fields.	RWL Center	18	
20 - Come learn about Artificial Intelligence, explore ethical concerns, and implement a "human centered design process" to create your first AI app with Playlab!	2104	0	Russell Stoll

Community Learning Day #4 On-Campus Workshops
