

Obsidian Book Club Master List

Guidelines

This document was created for members of the Obsidian Members Group interested in participating in a casual book club. To participate, check the pinned messages in the [book club thread](#), and read on.

Frequency

We plan to read one book per season, during the following periods:

- **Season 1:** December 21–March 13
- **Season 2:** March 21–June 13
- **Season 3:** June 21–September 13
- **Season 4:** September 21–December 13

Book Selection

- Each new season will follow a week-long book selection period. During this time, participants may add books to the [Book Suggestion sheet](#).
- Each participant may add up to **three (3)** suggestions per season.
- The suggestion limit is seemingly arbitrary, but is meant to reduce clutter as participant numbers increase—open to suggestions on this.
- If your suggestions were not selected in a given season, you may simply change the season number to the next season if you still want to suggest them.
- Energetic, *friendly* debate about book selection is welcome during selection periods.
- On the final day of the book selection period, voting will take place via a Google Form which will be shared and pinned in the [book club thread](#).

Book Selection Periods

- **Season 1:** December 13–December 20
- **Season 2:** March 13–March 20
- **Season 3:** June 13–June 20
- **Season 4:** September 13–September 20

Discussion

We will use the [book club thread](#) to have discussions about our chosen book. This is informal, so feel free to chime in with questions or comments as you think of them, but please use the [spoiler tags feature](#) for those who want to be surprised. We will consider having a voice/video chat as a bonus, but only if there is sufficient interest; the schedule for these will be included in the pinned messages. We may also consider a shared Obsidian vault to share notes on readings. The link for this would be pinned in the thread
