

[Latest Resume.](#)

Can be downloaded in multiple formats including PDF (click the resume and after it loads choose File / Download).

Robin Kuzmin kuzmin.robin@gmail.com

Please share your expert opinion about my posts:

- [Bug Prevention and Code Reviewing vs. Testing With Bug Fixing.](#)
- [Booleans.](#)

Your help with the sections “How to Automate Catching This” and “How to Force the Bugs to Show Themselves” will also be appreciated.

Earlier posts:

- [The `memset\(\)` Function Is a Warning Sign.](#)
- [Inlining.](#)

All posts:

-

I also provide [bug prevention and code reviewing](#) services for the C/C++ projects

You show me your code (typically open source), I show you your bugs and tell you how to automate catching them.
