## PROFESSIONAL EXPERIENCE

**Uber Technologies**, Phoenix, AZ

*Risk and Compliance Analyst*

- Analyzed complex data sets to detect patterns in fraudulent documentation, transforming insights into actionable recommendations for platform security.
- Conducted risk analysis and data reporting to support strategic decision-making, aligning with Uber's safety and compliance objectives.
- Conducted quality reviews of compliance documentation, verifying data accuracy to support project objectives.
- Utilized Excel and data visualization tools (Tableau, Power BI) to create clear, compelling visuals that enhanced cross-functional communication.
- Developed processes to track compliance milestones and ensure data accuracy, maintaining a high level of data integrity and operational excellence.

**Scented Leaf**, Tucson, AZ

*Manager*

- Implemented quality review standards for customer interactions and team processes to maintain high customer satisfaction.
- Supported project planning and tracked daily revenue goals, providing regularly scheduled reports to senior management on task and performance metrics.
- Created design elements to market monthly products.
- Managed associates during shifts with a team-oriented attitude while also completing daily revenue goals.

**In-N-Out Burger**, Phoenix, AZ

*Level 5*

- Accurately took, read, and translated complex POS modifications and orders.
- Maintained and organized 40 plus orders to improve guest wait time.
- Excelled within a healthy competitive work environment and maintained a hard work ethic.
