

# Verbs Tense

Verbs - shows action / what the subject does

Verbs are either.....

- **present** tense - happening **NOW** - I **am walking**.
- **past** tense - happened **earlier** - I **walked**.
- **future** tense - happens in the **future** - I **will walk**.

| <b>present</b> tense<br>(happening <b>NOW</b> ) | <b>past</b> tense<br>(happened <b>earlier</b> ) |
|---|---|
| They play today.                                | They play <b>ed</b> yesterday.                  |
| Watch him jump.                                 | He _____ last week.                             |
| She _____.                                      | She stepp <b>ed</b> .                           |
| The dog barks.                                  | The dog _____.                                  |

What do you notice about the **ending** of the  
**past tense verbs**?
