Hayley Fitzpatrick

My account was banned because of ban evasion. According to Reddit evading a ban on a subreddit is enough to get perma banned site wide. I was banned on mhoc but only under /u/irelandball. I was posting on hayley182\_ pointing out why mhoc fell. That account got banned from mhoc and then I was reported for ban evasion.

It's a play on the joke that we have a secret cabal that we run things in. If it were truly a secret server I'd have my leadership in it which they weren't.

We didn't have announcements or planning, we'd talk about cmhoc from time to time yes but everything was done in the cpc server

No More Trying to Sleep

Hayley Fitzpatrick

Today at 01:44

We didn't coordinate strategy here, if anything we'd just remind people hey you need to post bcs they were in chat w us. The actual campaign coordination all happened in DMs between Chris and I, or with the respective candidates themselves

The vast majority of convo was about things unrelated entirely to model sims
