PRESIDENT OF THE UNITED STATES

FOR IMMEDIATE RELEASE 3/25/22

STATEMENT ON ANTI-CARTEL OPERATIONS

My fellow Americans,

America is facing a threat, and it comes from the South.

For too long, we have allowed drugs, criminals, and innocent people sold as slaves to gangs and illegal organizations to pass freely through our border. These menaces emanate from a single class of organizations: the cartels. Millions have fled their violence and sought a home in the United States - my Administration will work to provide that safe haven.

However, this problem can only permanently be solved if our country combats the scourge of cartels. These mini-regimes of evil have perpetuated human misery for too long, keeping a steady influx of poison into our country and committing egregious violence against their own countrymen.

If we are to handle the humanitarian crisis unfolding every day to the South, we must do things:

1. Ensure a viable path to legal immigration status for individuals seeking asylum at the Southern border
2. Take decisive action against cartels and organized crime: our War on Drugs should constitute a War on Cartels.
3. Work to leverage diplomatic connections with nations in North, Central, and South America to effectively coordinate responses to narcoterrorism.

In pursuit of these goals, I announce the following.

Firstly, I have reinstated a deferral on the deportation of illegal immigrants coming in from the Southern border. This has taken the form of a clause within a memo sent to key officials of the United States Government.

Secondly, I have taken steps to combat cartels using stronger means that previous Presidents have refrained from using. For the purposes of operational security, I will not be disclosing details on this. However, rest assured that the United States will mete out justice to the proselytizers of pain that have damaged our society for so long.

Thirdly, I am hereby ordering the Secretary of State to declare the following organizations as Foreign Terrorist Organizations in accordance with section 219 of the Immigration and Nationality Act:

1. Sinaloa Cartel
2. Los Zetas
3. Gulf Cartel

Further designations of cartels as Foreign Terrorist Organizations will follow shortly, depending on the outcome of current United States anti-cartel operations initiated by myself.

My fellow citizens, we will weather this threat, we will fight this evil, and we will prevail. We always have, and we always will.

God bless you all, and God bless America.
