DESIGN TOS

GENERAL

- My designs are for general personal use (stories, purchasing commissions, ect.)
- You may not use my designs for commercial use without prior discussion.
 - I do not allow my one-off designs to be turned into a species to be profited off of.
- The character and story belong to you. I am still entitled to credit for the original design.
- I would prefer if my designs stayed uploaded on TH but this is not a requirement.

REDESIGN

- You may redesign my work however you'd like so as long as either the main pallet or main body design are left intact.
- You are free to make AUs, alt forms, ect ect.
 - Established closed species included! No need to ask ^^ (Mignyans, Packimps, etc.)
 - **I NO LONGER** allow alts of Succubuns (21+ species).
- **DO NOT redesign my characters to be; whitewashed, detransitioned*, or made from fat to skinny.**
 - *Most designs I make do not have any set gender but I would like characters that have been originally made to be trans to stay trans. Things like top surgery scars must remain on my designs.
 - If you don't like those features on characters then do not purchase my designs.
- DO NOT assign artist credits to me on TH if you've deleted my artwork.

EXPLICIT / PROBLEMATIC CONTENT

- Nsfw and gore being created featuring my designs (so long as those characters are 18+) as well as dark / intense topics being explored in their stories is allowed. However, My designs may not be used to *promote* unsavory content.
 - Please be sure to properly content lock any NSFW images to ensure they are not viewed by underaged users.
- **My designs WILL NOT be used to further promote a dangerous agenda** such as racism, anti-trans rhetoric, self-harm, and grooming.
- As an artist and character designer I have a right to my autonomy and my designs / work reflect that.

Under very rare circumstances I may reach out to refund you if you are attempting to use my designs to harm others in some way. This is not something I like to do and I would never use this to benefit myself. Only in the event that someone is in danger (such as through grooming) or I feel my autonomy as an artist has been breached.

WILL / WON'T DO

(for both regular commissions and custom designs)

WILL DO

- Anthro, feral, humanoid, and some monsters
- Body horror and LIGHT injury / blood
- Artistic nudity

Strengths: gnc humanoids, “goofy” characters, Splatoon, long hair, spikey designs, designs with claws, dark colors

WON'T DO

- Inspired by people's personal characters
 - Please do not send me other's personal characters or my own characters and take inspiration from them
 - You can however, ask to reference my own characters for body type or insignificant things such as how I drew a certain body part.
 - I am OKAY with taking inspiration from characters in media.
- Anything politically or ideologically charged
- Very young characters

- Extreme gore
- Fetish material / porn

Weaknesses: very skinny or very muscular characters (just isn't something i've practiced yet), very pastel colors, armor and complex clothing, complex markings, very elegant and "beautiful" characters.
