

Symphonic Bands/Winds

Class Placement

Placement in Symphonic Band Period 8, Symphonic Band Period 1, and Symphonic Winds is based on a student's:

- Performance in Technique Class
- Performance and participation in full band
- Performance on Q1 Benchmark, Semester 1 Performance Project, and the 3rd Quarter Playing Assessment
- Teacher recommendation

The final performance data point is the 3rd Quarter Playing Assessment. This will be **performed by all freshmen and symphonic band/winds students** as a part of the Technique Class curriculum. This will take place **during band class or Technique Class between January 21st and January 28th.**

When performing the 3rd Quarter Performance Project, you will be assessed on all facets of the music. No metronome will be on during the performance to allow you to interpret the tempos and make musical decisions.

Every member of Concert Band, Concert Band Percussion Class, Concert Winds, Symphonic Bands and Symphonic Winds received a copy of the 3rd Quarter Performance Project in Class.
