

Privacy Policy — Spin Reaction Pad

Last updated: December 2025

Introduction

Welcome to Spin Reaction Pad, a timing-based reaction game where players tap rotating pads at the perfect moment.

This Privacy Policy explains how the app handles user information. We respect your privacy and are committed to keeping your personal data protected. By installing and using Spin Reaction Pad, you agree to this Privacy Policy.

Data Collection

We do not collect any personal data from users.

Spin Reaction Pad does not request, store, or process any information that could personally identify you.

The game operates entirely offline and is intended only for entertainment.

Specifically:

- No account registration is required.
 - No email, phone number, or personal details are collected.
 - No device identifiers or location data are accessed.
 - No analytics, tracking tools, or crash logs are gathered.
-

Data Sharing

Since no data is collected, no information is shared with third parties, advertisers, or external organizations.

Advertising and Monetization

Spin Reaction Pad:

- does not contain ads,
 - does not use any advertising SDKs,
 - does not include in-app purchases, subscriptions, or monetized features.
-

Permissions

The app does not request or require any sensitive permissions.

Spin Reaction Pad does not access your:

- camera
- microphone
- contacts
- storage
- location

The game runs safely without needing any personal or device-related access.

Children's Privacy

Spin Reaction Pad is suitable for users aged 3 and older.

The game contains no violent, explicit, or inappropriate content and does not provide chat, messaging, or social interaction features.

Security

Although no personal data is collected, we maintain standard security practices to ensure that Spin Reaction Pad remains safe, stable, and free from malicious components.

Changes to This Policy

We may update this Privacy Policy when needed (for example, due to new features or legal requirements).

All updates will be published on this page, and the "Last updated" date will be updated accordingly.
