

Promo / Display Video here ! —> [Moonie Promo Video](#)

Price: \$35.00 USD

This avatar is a Stylized version I made of Moondrop from Five Nights at Freddy's: Security Breach. This mischievous boy has come with a few simple toggles and files:

- PC + Quest ready Avatar
- Hat Toggle
- Bowtie and Hip Bowtie Toggle
- Also comes with Gogo Loco !

Assets and Shaders used:

- Unity Version 2022.3.36 (The package will break if it is not imported to the right version of Unity !)

- VRChat Creator Companion
- [Gogo Loco](#)
- [Lava Lamp Shader](#) (by @normalizedcrow on Twitter)
- [Poiyomi Toon Shader](#) (It is recommended to use the most up to date version, but any version should work just fine !)

RULES AND TERMS:

When purchasing this Model, you agree to the following:

- You may NOT claim these models as your own
- These models may NOT be redistributed, resold, or shared towards ANYBODY under any circumstance. You will be reported and added to a Blacklist if you are caught illegally redistributing this content
- Retextures and other edits are NOT allowed with these avatars, the avatars will stay EXACTLY as they are and if there are any alternate avatars that are not replicated like the original, the person will be found and dealt with accordingly
- If you see anybody wearing these avatars and the person wearing it is not the author of the avatar, please report the avatar towards me directly through my discord and warn the person wearing the avatar to not wear it again and unfavorite it [if they have it favorited]
- The Terms and Conditions that are listed here will apply to ALL of the content sold on this page. No exceptions will be made
