

Your tool will be evaluated based on the following criteria:

The research tool is...	OH YES! Excellent Work	Almos t there...	Getting there...	OH NO! Needs Improvement
Valid	The tool measures what it is supposed to measure. It is aligned to the research question(s).			The tool does not measure what it is supposed to measure. It is not aligned to the research question(s).
Reliable	Similar results would be found if using this tool again in similar conditions.			Completely different results would be found if using this tool again in similar conditions.
Unbiased	The approach does not lead research participants towards one kind of response or another. There are multiple kinds of valid answers to questions or prompts.			The approach leads research participants towards a particular response. There are very few valid answers to questions or prompts.
Ethical	The assent form below is included in the tool in a meaningful way. No research will be collected without the assent of participants.			The assent form below is not included in the tool in a meaningful way. Research is collected without the assent of participants.

Research Assent Statement

You are invited to participate in a voluntary study being conducted by students in the McKinley High School Humanities Amped program. If you choose to participate in this study, we want you to know that:

- ⇒ Participation is voluntary. You may withdraw from the study at any time.
- ⇒ We will not use participant names in our findings, so information you share will be anonymous.
- ⇒ Participants are encouraged to only share what they feel comfortable sharing.
