More about LASIK

A Brief Introduction to LASIK

With the advent of laser, LASIK procedures shot into prominence ever since the first LASIK procedure was performed in 1991 in the United States. Since then, there has been a boom in LASIK eye surgery centers started all over the United States. The number of LASIK vision correction procedures performed in the United States alone so far stands at more than three million. The growth in the number of LASIK eye centers was due to:

- o Shorter recovery times
- o Faster operation times
- o Increased precision levels

Where to Find LASIK Clinics?

Now you may ask the question - where do I find a LASIK clinic? More importantly, how do I determine which is a good LASIK center? The Internet makes your job that much easier. You can log onto the Internet and put out a search for whatever aspect of LASIK you want information on. For basic information about the availability of LASIK centers in different parts of America, just type the location you are looking at and the word LASIK after or before it. This becomes the keyword based on which you search for the information you require.

Company Description

Each year thousands of patients come to Dr. Jason P. Brinton seeking what we call visual freedom, or crisp, clear vision free of glasses and contact lenses. We accomplish this through LASIK and its six variations – SMILE, Visian ICL, PRK, Raindrop inlay, Kamra inlay, and RLE.

Contact Details

Brinton Vision

555 N New Ballas Rd Ste 310, St. Louis, MO 63141

(314) 375-2020
